**ENGLAND HIT BY FLOODS:** First it was snow storms, now floods that are crippling England. From London where the swollen Thames river has contaminated the municipal water supply, an emergency call has gone out for tank-truck loads of drinking water. At Maidstone, in Kent, the River Medway rose to its highest level in 27 years,

flooded its banks and then the town. The customers at an inn (left) waded through water to get a drink at the bar and a housewife (right) wears boots to do her housework. To complicate matters, another round of blizzards and gales hit the country over the weekend.

## Unclaimed Balances, Forgotten Accounts

## Forget You Had Money in Bank? Maybe You Did — Have a Look

By Dick Jackson  
Edmonton Bulletin Ottawa Bureau

OTTAWA, March 20. — Comes again "found money time" in Ottawa, that season of the year when the chartered banks in Canada report to Parliament their lists of unclaimed balances and "forgotten" accounts.

Partial publication of the lists each year on a sectional or district basis always turns up a few grateful claimants. In proof of this, there were names missing on the Edmonton lists this year which had been there in the spring of 1946, giving some evidence at least that owners of "forgotten" accounts had claimed them after their publication in The

## More Rain Is Forecast

## Fight Losing Battle Against U.K. Floods

By Jack Sullivan

LONDON, March 20, (CP) — Thousands of civilians, soldiers, police and prisoners of war today waged a losing battle to hold back rain-swollen rivers which already have spread a trail of destruction in scores of towns and villages.

MORE rain was forecast, even as weary volunteers were led to repair breached dykes in the Fenlands of the East Midlands and as army assault boats were dispatched to the aid of 1,000 persons trapped by the overflowing Don river in the Yorkshire village of Bentley.

The army acted after the people of Bentley, two miles north of Doncaster, telephoned an urgent message for help. The message, sent out late yesterday, said the trapped residents had been without food for more than 24 hours. A police officer said over the tele-

(Continued on Page 8)

## Probe Is Told:

## Railways' Case Far From Proved

By John Leblanc

OTTAWA, March 20 (CP) — The railways are "a long way" from proving their claims for freight rate increases, Col. J. L. Ralston, Maritime counsel, declared before the Board of Transport Commissioners today.

COL. RALSTON was arguing for the production of certain CPR records which provincial counsel at the rate inquiry seek to have produced, and over which argument has been proceeding for three days.

He was claiming that the company should bring in evidence on the financial results of each railway department. The CPR declares it cannot obtain accurate data to this effect, as expenditures cannot be allocated accurately to different departments.

J. J. FRAWLEY, Alberta counsel, declared it appeared statistical breakdowns on 1945 operations submitted by the CPR undoubtedly were reliable and the same formula could be carried over into other data asked by the provinces. At the conclusion of argument, the commissioners reserved decision on the provinces' motion.

## Paraguay Rebels Drive on Capital

BUENOS AIRES, March 20 (AP) — A correspondent for the newspaper La Prensa reported today that the Paraguayan rebel radio at Concepcion announced that insurgents had started a southward drive on the capital, Asuncion.

The Brazilian news agency Apress said Capt. Belisario Doria, hero of the Chaco war and newly-appointed military commander of the rebel-held border town of Pedro Juan Cavallero, had declared in an interview that "the Paraguayan revolution has no communist color and its aim is to bring Paraguay into true democracy with the ousting of (President) Higinio Morinigo."

## Greek Communist Is Shot to Death

SALONIKA, March 20. — (Reuters) — John Zevgos, former communist minister of agriculture in the 1944 Greek government, was shot dead in a Salonika street today. Three arrests have been made. Last January Zevgos was shot at and wounded when he was about to address a meeting at Corinth. His supporters attributed the attack to agents of the extreme right-wing "X" movement.

## Britain Favors East Settlement

LONDON, March 20. — (BUP) — The London Times said editorially today that Britain favors an early settlement in the Far East, including a formal peace with Japan. Gen. Douglas MacArthur's plea for an early treaty with Japan "will command sympathy and respect throughout the British Empire," the newspaper said. Agreement on final reparations, the Times said, "will remain difficult while Russia declines to include Japan's external liabilities in the reparations pool."

## French Reds Hold Fate of Govt.

PARIS, March 20. — (Reuters) — Premier Paul Ramadier today put it up to the Communists whether they would save or break his coalition government, which has been shaken by their refusal to back French policy in Indo-China.

IN A SHORT impassioned speech, loudly cheered by all parties except the Communists, the bearded Socialist premier told the national assembly he would make the vote of military credits to continue fighting the Indo-China nationalists "a question of confidence in the government."

Throughout the stormy session the Communists stuck to the decision to abstain from the vote. Informed observers believed that, despite Ramadier's warning that abstention "would threaten the future of France," the premier would be unable to make the Communists change their mind before the debate is resumed Saturday.

## To See Stalin

MOSCOW, March 20. — (Reuters) — Prime Minister Stalin is expected to receive State Secretary Marshall and Foreign Secretary Bevin in the near future, Moscow radio announced today.

## Briton Killed

JERUSALEM, March 20. — (AP) — One British policeman was killed and five other Britons were injured when a bomb exploded among them on the road between Haifa and Tel Aviv, it was announced last night.

(Continued on Page 8)

## Fishermen Vote To End Strike

LUNenburg, N.S., March 20. — (CP) — Fishermen of Nova Scotia's famed deep-sea fleet today got ready to go back to sea after voting to end their 12-week-old walk-out. But there was no indication from fishing companies whether the 30-odd vessels would be ready to sail by midnight Sunday, when the strike is officially over.

THE VOTE to resume fishing was taken at a meeting of 400 Canadian Fishermen's Union (CFCU) members here yesterday after Capt. Ben Mackenzie, union president, told them they were no longer able to keep their families "alive and well without earning."

A union officer said the fishermen, paid in shares of the catch instead of wages, were willing to return under the arrangements in force when the strike was called Dec. 28 to enforce demands for an increase to 60 from 50 per cent in shares.

## Want Jail Term For Tax Evasion

OTTAWA, March 20. — (CP) — The revenue department is seeking to obtain imprisonment as well as fines for convictions of income tax evasions by persons in the higher income brackets, an official of the department said yesterday.

The official said income tax prosecutors are under instruction to deal their harshest blows at "intelligent people who know better."

## DAMAGED VESSEL

AMSTERDAM, March 20. — (AP) — The 4,355-ton Greek freighter Alexandria was being towed to the port of Amsterdam by rescue tugs today after striking a mine yesterday off the West Frisian Islands. The stricken ship was reported listing heavily, but her crew still was aboard. The Alexandria sailed from Baltimore Feb. 19 enroute to Amsterdam.

# Recover Four Bodies In Flood at Red Deer

## One City Woman Among 5 Victims

The overflowing and turbulent Red Deer river dropped back to near-normal level this morning and gave up four of its five victims.

Caught by the sudden surge of the swollen river early yesterday two women and three children died as the one-room shack they had moved into only 24 hours before, was smashed by a four-foot wall of water and moved eight feet.

RCMP identified the four bodies recovered as follows:

Mrs. Gordon Harps, 22 years old.  
Mrs. Clinton Donald, 24, Edmonton, a sister of Mrs. Harps.  
Stanley Harps, 4.  
Ronald Harps, 2.

## Husband Told of Tragedy

Mrs. Harps' husband is employed by the provincial public works department at Notikewau, and has been notified of his wife's death.

Mr. Donald visited Red Deer this morning and identified not only the body of his wife, but those of Mrs. Harps and her children.

In the meantime, Red Deer residents began assessing the loss. Material damage of about \$8,000 has been reported and it is likely to run higher as further reports come in.

The river yesterday was about 18 feet above the level when the ice went out, but the waters have since subsided. Hundreds of residents of Red Deer and surrounding district flocked to the riverbank to aid in the search for the flood victims. From all sections of the town people came forward to see if they could be of any help in locating the baby's body, which was still missing at press time.

## Clear Ice With Dynamite

Crews from the provincial public works department were still using dynamite this morning in an attempt to clear ice jams piled to within two feet of two steel bridges crossing the river.

In the stockyards near the railway tracks, twenty-five head of cattle ready for shipping were killed by ice pressure and by drowning. Many cattle are still marooned on ice islands in the yards.

An estimated one hundred head of sheep were also killed as the water rose higher and higher.

It was reported the women and children had come to Red Deer from Hay River, at the lower end of Slave Lake, N.W.T., and that their husbands would join them later. Neighbors living near the one-room tar paper shack were unable to find any trace of the family after they reported hearing screams when the river surged and trapped the shack.

## Body of Woman Recovered

The body of a red-haired woman clad in a kimono was recovered by Willard Tremple of North Red Deer as the subsiding flood left it clinging to a wire fence about half an hour after the water dropped this morning.

Bodies of the other woman and the small boys were recovered from a deep hole a few yards from a bank where they would probably have been safe had they been able to reach it.

IT WAS LEARNED Mrs. Harps had ordered furniture and milk to be delivered to the shack yesterday. A satchel of clothing was found in piled-up ice south of the shack where it had apparently been dropped by the family as they tried to flee ahead of the surging flood.

Yesterday, C. Y. Comas told police he went to a house in the flooded area in a boat and that he saw a baby's jacket floating in the water. As he tried to bring it to the boat with an oar a baby's body slipped out of the jacket and was carried away by the rushing waters.

Although it was estimated flood damage would amount to no more than \$8,000 the effects of the flood were widespread. A home on the North Red Deer side of the river was swamped in eight feet of water.

An estimated 100 head of sheep were also drowned only a few feet from high ground they were unable to reach when their heavy wool became waterlogged.

MAYOR J. E. GREEN of Red Deer said the river "broke" above the city this year and further downstream it remained ice-bound. The normally quiet stream which flows through Central Alberta and Red Deer, 100 miles south of Edmonton on the main Calgary and Edmonton highway, rose 14 feet when thick ice cracked.

Early today the turbulent waters subsided and the river dropped to near normal.

## Find Man's Body

The body of a man was found Wednesday near the CNR right of way one quarter mile east of Glenview according to a report from RCMP. The body was found by a CNR section foreman. As yet the man has not been identified nor has the cause of his death been determined. RCMP are carrying out investigations.

## Gouzenko Needs Protection

What About Igor? Is Ottawa Poser

By Douglas How

OTTAWA, March 20, (CP) — The government is giving "careful consideration" to a question now approaching the point of crystallization—what to do about Igor Gouzenko?

FOR KEEPS: Separated from her husband, Orson Wells, once before, actress Rita Hayworth has once again called it "quits." This time, says the actress, it is for good. Rita has been working for, and with Wells in films.

## Probe Expected

## Vice Conditions At Coast Bared

VANCOUVER, March 20. — (CP) — In the words of Chief Constable Walter Mulligan, 150 vice establishments up to recently operated in this west coast city.

HE MADE THIS disclosure yesterday to the police commission at the hearing of appeals of 23 policemen dismissed or demoted for neglect of duty in combating vice conditions here. Today it appeared likely a royal commission will be asked to probe the conduct of the police commission.

Dugal McAlpine, counsel for a number of policemen, said he would apply for the royal commission to investigate the manner in which the police body treated the dismissed officers and inquire into the "motives behind the hearing" and the police shakeup which brought it about.

INCLUDED in the list of 150 establishments mentioned by Chief Mulligan were 37 gambling places in Chinatown, 12 disorderly houses and at least 50 major bootlegging places. All had been in operation for some time, the chief said.

Earlier the commission interrogated suave Harry Tisman, self-confessed gambler, who gave an inside view of gambling rackets, disclosing that as much as \$7,500 had been won by one man during a night's play at one gambling house.

THE POLICE DID NOT worry gamblers, he admitted, telling of bribes paid to high ranking officers and also of a "fix" which had kept both Tisman and his brother Louis from a commission hearing in April, 1946.

## Edmonton to Get 2 Playoff Games

CALGARY, March 20 (CP) — D. P. McDonald announced this morning that the Canadian Amateur Hockey Association had issued the following dates and venues for the Western Canada senior hockey semi-final between Calgary Stampede and Kimberley Dynamos.

The playoff, a best-of-seven affair, will open in Calgary Monday night. Second contest will also be played in Calgary, Wednesday night, with the third and fourth games scheduled in Edmonton, Saturday and the following Monday respectively. Further dates if games are necessary will be announced later.

## 1,103 Others Seriously Hurt

## Punjab Riots Kill 2,049

LAHORE, March 20, (Reuters) — Communal rioting in the Punjab has killed 2,049 and seriously injured 1,103, authoritative sources said today.

Meanwhile Moslem League supporters declared a stoppage of business in Peshawar today in protest against the arrival yesterday of 10,000 "Redshirts"—the pro-congress Moslem volunteer organization in the northwest frontier province.

The Redshirts, described as a "purely non-military organization" arrived "to restore confidence of the non-Moslem population and oppose communal violence."

## In German Settlement

## Guarantee of Coal Demanded by France

MOSCOW, MARCH 20 (AP) — Foreign Minister Molotov of Russia, today blocked an attempt by Foreign Secretary Bevin to place on the Big Four Foreign Ministers' agenda for tomorrow a discussion of the proposed four-power pact on Germany. Molotov said this question was "far down on the agenda." The British cabinet minister replied: "I thought you would say that."

MOSCOW, March 20, (CP) — France notified the Council of Foreign Ministers tonight that she could not agree to economic reconstruction of Germany unless other powers agreed to her demands for guarantee of German coal.

## Putting Palace In Ship-Shape Is Held O.K.

LONDON, March 20 (CP) — Union officials of workers employed in repairing bomb-damaged Buckingham Palace have accepted a works ministry ruling that the job is "economical and sensible" and must go on.

The men had said they were disgusted at being employed on such a site as Buckingham Palace when suffering among the working class owing to inadequate housing is deplorable.

This sentiment was embodied in a resolution passed at a meeting of 10 workmen in the palace basement asking the national federation of building trades operatives to obtain for them "more essential work such as housing."

E. L. Jones, secretary of the London regional committee of operatives, told reporters: "After all, I suppose putting the king's palace ship-shape is as reasonable as redecorating theatres and dog tracks."

## Near Claresholm

## Three Lose Lives In Plane Crash

CLARESHOLM, Alta., March 20. — (CP) — Douglas Edlend, of Calgary and Burdett, Alta., W. R. Tolley, 30, Claresholm, and his nine-year-old son, Roland, were instantly killed when the light plane in which they were riding plunged to the ground at the Woodhouse relief flying field, 14 miles east of Claresholm, at 6:30 p.m. Wednesday.

THE PLANE, an Aerocamp Champion, was piloted by Edlend and he was coming in from taking the Tolleys for a pleasure ride when the machine lost flying speed and spun 300 feet to the ground. Tolley's wife was a witness to the accident.

Edlend, a flying instructor, has been living in Calgary. His wife and four children live at Burdett, near Taber. Tolley is survived by his wife and a daughter, Sharon, four; a brother, R. Tolley, Milk River; and three sisters, Mrs. S. Smith, Milk River; Mrs. W. Williams, Lethbridge; and Mrs. P. Patterson, Riverton, Utah. (Claresholm is about 80 miles south of Calgary).

## Los Angeles Has Murder Every Day

LOS ANGELES, March 20 (AP) — With a new murder to cope with every day, police last night studied statements of Anna Diresio, 55, hushed over the head and left to die early yesterday in Elysian Park.

DOCTORS AT a receiving hospital said the woman probably would recover. They sewed a four-inch gash.

Here was the fifth murderous assault upon women here in recent weeks, starting with the slaying and dismembering of Elizabeth Short, known as the "Black Dahlia."

The Diresio woman told hospital attendants that a man she met downtown Tuesday hit her from behind when she refused to accompany him home.

The coroner reported 17 homicidal slayings in the country in the first 17 days of March.

## Canada Stands Pat On Parley Demands

OTTAWA, March 20. — (CP) — Official government circles feel the question of Canada's participation in the making of the German peace may be decided one way or another within a week or so, it was learned today. Meanwhile, it was understood Canada was not withdrawing a step in her demand to the Big Four that she be given a part in the drafting of the peace treaty which would be in line with her contribution to the war.

## At Conference

May Hear Views Of Small Nations

By ROSS MUNRO

MOSCOW, March 20. — (CP) — Big Four deputies have agreed that the Council of Foreign Ministers should hear the views of Allied and former enemy countries on the German peace treaty but Russia still is stubbornly opposed to allowing the middle and smaller Allied powers actually taking part in the deliberations, it was learned today.

THE DEPUTIES on Germany will present a makeshift and scrambled report to the Big Four late today with few points settled. The question of the participation of middle and smaller powers, including Canada, has raised one of the most serious differences of opinion at the big four meeting here.

Britain and the United States support their participation but Russia maintains such a policy would violate the Big Four Potsdam agreement.

THE DEPUTIES, ordered last week to go into business of treaty-drafting procedure, held their final session today.

Plan Central German Govt.

NEW YORK, March 20. — (CP) — The New York Times said today in a Moscow dispatch that the American delegation to the Foreign Ministers' Council has virtually completed plans for a provisional central German government which would abolish authority of the four zonal commanders in that country to interfere.

THE TIMES SAID this plan "almost certainly" would be submitted to the council this week.

The plan, the dispatch added, "would return to the Germans as many governmental functions as they deemed capable of handling at the moment."

"It foresees the end of the present form of zonal occupation of Germany and would place the new central government under the authority for overall purposes, of the Allied Control Council in Berlin."

# Central and North Alberta News

## Hospital Votes Defeated Westlock, Stettler Areas

**WESTLOCK.**—Ratepayers in 184 townships of the Westlock municipal district and the town, voted down a proposed municipal hospital scheme. Had there been a two-thirds majority vote, the municipality would have entered into a two-year agreement with the Immaculate hospital here whereby patients would have received hospitalization for a \$1 a day.

On the same day, ratepayers voted for council for divisions one, five and six. All former councillors were returned to office: A. Zaczekowski, of Westlock in division one; E. L. Short of Piroch in division five and S. Novakowsky of Nestow in division six. Each will hold office for three years.

Other members of the council are: W. A. McGregor of Westlock; George Schults of Barrhead; J. A. Casavant of Scotch Creek; and W. J. Giles of Rosedale.

E. W. Stutchbury is the municipal secretary.

**STETTILER.**—A plebiscite that would have granted authority to borrow \$150,000 for further building at the Stettler municipal hospital was lost by 50 votes. Cassidy and Brakine were reported having voted against the proposed loan.

At present, it is stated, the hospital is overcrowded with beds reported in hallways and other vacant corners of the hospital.

Farmers have for years paid one and one-half cents per acre hospital tax and now three cents per acre.

## Last Rites Held For T. Solomonson

**DONALD.**—Funeral service for Thomas O. Solomonson, resident of Donald district in 1903, was held in the Sharon Lutheran church here with Rev. O. K. Olson officiating. Mr. Solomonson died in an Edmonton hospital at the age of 71 years.

Born in Clinton, Iowa, he moved to South Dakota when a child and came to Alberta in 1903. He married Miss Tena Nelson in 1907. He left the farm and engaged in the well-drilling business for some time. For the last number of years he acted as a rural mail deliverer.

Surviving besides his wife are four sons, Walter and Arthur of Donald; Stanley of Edmonton; and Thomas of Ottawa and five daughters, Mrs. W. Connell, Donald; Doris of Escondido, B.C.; Mrs. Glen Ayers, Ponoka; Mrs. Berth Herrod, New Westminster, B.C.; and Mrs. Elina Barker of Rio Grande, Alta. There also is a sister, Mrs. J. R. Stole of Donald.

Burial was in the Donald cemetery.

## Wetaskiwin Bull Sold for \$5,000

**CALGARY, (CP).**—Sale of an Aberdeen-Angus bull for \$5,000 was announced last night by Roy Ballhorn of Wetaskiwin. Another one has been disposed of for \$3,000 and a third at an unnamed price. Mr. Ballhorn has also sold 13 two-year-old bred heifers to Melvin Kordes of Henning, Minn.

The top priced bull is believed to be the second most expensive of that breed ever sold in Alberta. A higher price was realized at one time by the C.P.R. farm at Strathmore. Walter Ferguson of Cheyenne, Wyoming, purchased the Ballhorn bull, Woodland Bandolier 10th.

## 700 Hives Ordered In Red Deer Area

**RED DEER.**—700 hives are to be ordered by beekeepers of the Red Deer district, it was learned from George McChesney, secretary of the Red Deer Beekeepers association.

The large increase is thought to have been made in view of the successful crop of clover here last year when a large crop of first class honey was extracted. Much interest is also being shown by city people in this art, and many have hives on the outskirts of the city.

## Head of Chamber Speaks in North

**DAWSON CREEK, B.C.**—Paul LaFramboise, national president of the Junior Chamber of Canada, was guest at a special dinner meeting in the United church hall of the Dawson Creek Junior Chamber of Commerce during his visit to the Jaycee clubs in B.C.

He spoke of the founding of the junior chamber and how it had grown to a membership of 25,000 in Canada.

The president gave a brief report on the international junior chamber convention which he had just returned from and was held at Dallas, Texas. He said that there were 27 foreign countries represented and that by the end of the week's program everyone went back to his own country with a far better understanding of each other than they had when they first met.

Prior to the president's address he was presented with a fascicule of the Mile Zero post by Bill Lindsey, secretary of the Dawson Creek Jaycees, on behalf of the local organization. To bring the evening to a fitting close, Larry Hansen, president of the Dawson Creek junior chamber presented Mr. LaFramboise with a life membership in the Dawson Creek Jaycees.

**VIKES IS COUNCILLOR**  
**DONALD.**—A. Vikes has been elected councillor in division one of the Camrose municipal district, winning over J. C. Hillman of Forestburg. Donalds poll showed 71 votes for Mr. Vikes and four for Mr. Hillman.

## Delegates Named To Lodge Meeting

**RED DEER.**—A delegation composed of P. Florman, W. J. Grassy, J. C. Frederick, A. A. Stain, C. Lobb, H. R. Griffin, G. W. McChesney, R. Jones, A. Martin, L. R. Burk, W. Withers and A. Chesterman are attending the Alberta provincial grand lodge sessions which open in Edmonton on Tuesday, March 19 and continue until the 20.

The ladies of the L.O.B.A. are also sending a considerable delegation to the meeting.

held its regular meeting at the home of Mrs. J. Curtis. Mr. and Mrs. Paul Kretsch of Heister were recent visitors to the Phillip Kretsch home. Mr. and Mrs. A. Grant were recent visitors with their son, Ross Grant of Killam.

Mrs. Leo Lorenz has been a patient in the Killam hospital. Donald Pointer has purchased a service station near Tofield. His son, Allan, employed in Edmonton, will assist him.

**ALIX.**—Mr. and Mrs. Walter Parby recently observed their golden wedding anniversary. Mrs. Parby was a former M.L.A. in the U.P.A. government. Members of the U.P.W.A. gave the honored couple a beautiful reception in the U.P.A. hall. The table was centered with a three-tiered wedding cake. A bouquet of roses also was presented to the couple. Mr. and Mrs. Parby were married near Mirror and have one son, Humphrey.

**FRANCHERE.**—A number of friends and neighbors gathered at the home of Mr. and Mrs. Cliff Wise recently to bid them farewell. Mr. and Mrs. Wise, among the first pioneers of this district, were presented with a purse and donation by Eric Oberg to which Mr. Wise also replied. Sale of their property was held at the week-end. The family will go to Saskatchewan where Mr. Wise has purchased a garage business.

**STROME.**—Mary Faryna was a recent visitor at the home of her parents in Holden. Casper Mod- foreman of the C.P.R. in Strome, was a recent visitor. G. P. Smith of Edmonton visited Strome. Herman and Virgil Rave have arrived home. Herman has been visiting relatives at the week-end. Virgil has been in the U.S. army at Fort Knox. Mrs. R. Clark and Miss Ruby Mohlbier were visitors to Camrose. Regular monthly meeting of the St. Peter's C.W.L. was held at the home of Mrs. L. Blaser at the week-end.

**NEW NORWAY.**—Mr. and Mrs. C. D. Flint are in Calgary. Mrs. Dan Curry and her husband returned from Washington and Michigan where they visited relatives. E. A. Roseberg has replaced Miss Ebba Larsen as supervisor of Kensington school—Winners at the Legion bridge and card party were: Oscar Malmo and H. O. Adams in bridge and at whist were Sid Hauke- dal and Axel Pederson—George Reister has returned from California where he spent the winter. Eber- holt is a patient in the Camrose hospital. Mrs. J. Soderman and Mr. and Mrs. A. Person motored to Calgary. Mrs. J. E. Borseth visited at Wetaskiwin. Mrs. O. Noren entertained for her birthday—Harry Myrsk and Lois Sicklesteel of Ed- monton were guests at their home. Mrs. Phil Thompson entertained for Sandra's birthday—Lois Johnson week-ended in Edmonton.

**STONY PLAIN.**—Miss Shirley Goebel, supervisor of the Fort Assiniboine school, visited her parents here—Mr. and Mrs. A. E. Michol made a one-week trip to Calgary and have returned here. Senia Gamble has purchased a new tractor—T. J. Hardwick has returned from Victoria—Fred Kulak has left for Oshawa, Ont.—Mr. and Mrs. J. Kulak, Mr. and Mrs. V. Kotcherofsky and the staff of the D. and D. store attended the Merco banquet in Edmonton—Dr. Christian Weiss, president of the Gospel Missionary Union, was the guest speaker at the C. M. A. tabernacle—H. C. Russell, R.C.M.P., was the special prize given at the curling club dance Mrs. L. Bredo of Barrhead visited her parents—Mrs. George Lampe, of Elkhat, Ind. and Mrs. Bruce Hamp of Toledo, O., visited Mr. and Mrs. Louis Wudel.

—A shower was held recently at Brightbank United church in honor of Miss Margaret Kyle—Mrs. H. C. Russell and Mrs. Sam Hadley were representatives of the Brightbank United Church W.A. at the first annual rally of Edmonton Presbytery Women's association held in the McDougall church in Edmonton.

**THORABY.**—Funeral services were held here for Harry Derkach who was accidentally killed on March 11. The accident occurred west of Winfield where he was employed in a lumber camp. A tree which was being cut down swung into the stump killing him instantly. Harry was well known to all in this district. He is survived by his parents, five brothers, three sisters and a large number of friends. Burial was made in Greek Catholic Orthodox cemetery southwest of town. The Young People's club, United church is making arrangements to put on a three act play entitled "Whose Little Bride Are You." The play is to be directed by V. J. Fuller. The play should be ready for presentation by early June. The meeting now has filled the ditches and citizens of the town are busy opening the culverts so the water can drain away.

## Re-elect Fleming President Of Grande Prairie Chamber

**GRANDE PRAIRIE.**—W. J. Fleming has been re-elected president of the Grande Prairie Chamber of Commerce at the annual dinner meeting held in the Speke hall, on Tuesday, March 19.

Also re-elected were P. J. Tooley, first vice-president and H. B. George, treasurer.

Among the out-of-town guests were J. M. McArthur, manager of the Northern Alberta Railway; A. L. Burrows, second vice-president of the Edmonton Chamber of Commerce; L. A. Webster, T. P. Griffiths, also of the Edmonton chamber; and J. E. Deakin, superintendent of the N.A.R., all of whom were accompanied by their wives.

Welcoming the guests, Mayor J. E. Thomson told of coming to Edmonton in 1906 when that city was only a small town. He believed the north country had contributed in no small measure to the building of the present city.

The past year had been a busy one for the town, Mayor Thomson said. The completion of the dam and filtration plant would assure an adequate water supply. The \$70,000 debt issue had been sold to the City of Edmonton slightly above par, and the town building had shown a very gratifying increase with 30 new dwellings, 12 commercial buildings, 33 additions to dwellings and 15 additions to commercial buildings; one new church and an addition to the separate school, amounting to 218, 863 in building permits for 1946.

**BRIGHTER FORECAST.**  
Forecast for 1947 was as bright- er, Mayor Thomson pointed out. With the erection of at least one new hotel, the opening shortly of the new Northern Alberta Dairy Pool creamery and dairy, the erection of an old people's home and alterations to the former army drill hall and officers' mess, building continues.

New businesses opening up recently are the Carleton Hatteries, the Alberta Poultry Products Ltd., who have just purchased a site and will commence operations at once, a planing mill, cold storage plant, three new garages, an auto camp and new wholesale house.

W. J. Fleming reviewed the work of the chamber for the past year. P. J. Tooley had represented the board at a conference in Great Falls, Mont., regarding the problem of developing the Alaska highway route.

## Donalda Curlers Have Good Season

**DONALDA.**—Donalda Curling club completed a successful season with a banquet in the I.O.O.F. hall and more than 50 persons attended.

Speakers: Vice-president, R. Chapman; secretary-treasurer, R. Carleton; finance committee, R. McLean; entertainment committee, C. F. Huff; draw committee, M. Thorsell and ice committee, O. H. Anderson.

The \$70,000 debt issue had been sold to the City of Edmonton slightly above par, and the town building had shown a very gratifying increase with 30 new dwellings, 12 commercial buildings, 33 additions to dwellings and 15 additions to commercial buildings; one new church and an addition to the separate school, amounting to 218, 863 in building permits for 1946.

## Stresses Growth Of Credit Union

**DAWSON CREEK, B.C.**—President's report at the annual meeting of the Lake View Credit Union, with head offices in Dawson Creek, showed that from a capital of \$6 and 12 members in 1943, the union had grown to a membership of 744 with a capital of \$186,000 to become the second largest credit union in British Columbia. There also are 78 junior members with an average saving of \$35 per member.

Meeting endorsed the board of director's recommendation that the credit union pay two percent dividend and 10 percent patronage refund for 1946. The dividend certificates will total \$2,569. In addition, every dollar invested by a member in the union he receives an equal amount of life insurance up to a maximum of \$1,000.

## Appointments Made By Millet Council

**MILLET.**—Council of the Village of Millet held its regular meeting in the council chamber recently and councillors present were Mayor E. R. Hoskins, A. H. Moll and H. Tussman.

Appointments made were: secretary-treasurer and assessor, E. J. Olesen; treasurer, Millet cemetery board, J. C. Wagner; M. D. health officer, W. J. Simpson; village enumerator, John Graham and chairman of the board of health, E. R. Hoskins.

## Jasper Pioneer, G. Wilkins Dies

**JASPER.**—George Ethelbert (Bert) Wilkins, one of Jasper's best known pioneer residents, died in hospital here at the age of 80 years. He came to Jasper to reside in 1913 and was a guide and packer until 1937.

For many years he was in partnership with Rufe Neighbor. Mr. Wilkins was greatly interested in the outdoors and did much for game conservation. He was a leader behind the movement to start the Guide and Packers association at Jasper and was an executive member for many years.

He was very enthusiastic with everything concerning the good of the community and his death is a great loss to the community. He is survived by his wife and two sons, Clarence and Harry at home also his mother, two brothers and one sister in Ontario.

Funeral was held Wednesday from the United church.

## Farmers to Get Rebate On Oats, Barley for Feed

By VICTOR MACKIE

OTTAWA, March 20.—Under the recently announced price policy on feed grains, the farmer who buys western oats and barley for feed receives a rebate of 10 cents per bushel for oats, and 25 cents a bushel for barley in the same manner he today receives a 25-cent drawback per bushel on wheat he buys for feed, agricultural officials explained here Wednesday.

The subsidies are definitely not payable to the farmer who raises

his own coarse grains and feeds it to his own livestock or poultry. That farmer, it was explained, has the option of either feeding or selling his grain. The man who does not have livestock or poultry on his farm has to sell.

UNDER THE subsidy payments the western feeder gets the same benefits as the eastern feeder, provided he is not a grower. Western livestock producers like eastern producers receive the rebate or drawback of 10 cents on oats and 25 cents per bushel for barley on their purchases of such grains for feed.

Precedent for paying the rebate on grain used for feeding purposes was established when the 25-cent payment on wheat purchased for feeding purposes was introduced in 1942. The farmer who today buys wheat for livestock and poultry feeding receives a rebate of 25 cents on each bushel, agricultural officials declared.

## King Says Threat "Menaces Canada"

OTTAWA, March 20.—(CP)—Prime Minister Mackenzie King said yesterday in an address that Canada, as other countries, was menaced by the "terrible threat of totalitarianism."

MR. KING spoke of the relationship of church and state in the Dominion at a luncheon tendered by United Church members of the Commons and the Senate to Rt. Rev. T. W. Jones, moderator of the general council of United Churches in Canada.

"The spirit of the Christian church is disappearing all too rapidly and in its place is growing the terrible threat of totalitarianism," he said. "That is not a Christian spirit. It is the very antithesis of it. It is the spirit of materialism, of atheism."

"If we cease to be Christians we are doomed. A crusade of the United Church of Canada are engaged in, is what is most urgently required in the world today."

"THE ATOMIC bomb won't settle anything at all. Far from it; this bomb can mean the end of everything. Unless we have the spirit of brotherhood and that spirit is made to prevail among nations, nothing is to be hoped for in the way of lasting peace."

### NONE SCRAMBLED

LITTLE BROOK, N.S.—(CP)—Householders here were more than pleased when the grocer proudly informed them that he had a good supply of eggs for sale. When the eggs were brought out for frying the householders found they were already pre-boiled. The farmer had mixed his own breakfast eggs with those he was taking to market.

Women have the franchise and play a leading role in Indian affairs... some have been cabinet ministers; numerous others are politicians, doctors, lawyers, artists.

## Ottawa to Discuss Peace Rail Outlet

VICTORIA, March 20, (CP)—A proposed extension of British Columbia's Great Peace River district costing more than \$22,000,000 will be discussed with railway and federal officials, Premier John Hart said today.

PREMIER HART announced that he would go east shortly after prorogation of the B.C. Legislature to seek the aid of the Dominion government and the two national railways in financing the undertaking.

Premier Hart is expected to propose that the railway—now running from Squamish, B.C., about 30 miles north of Vancouver, to Quesnel, B.C., more than 200 miles north of the west coast port—be extended to Dawson Creek, B.C., where it would link up with the Northern Alberta Railway from Edmonton.

In a major policy speech during the present session, Mr. Hart said he had discussed with Prime Minister King the question of developing the rich resources of the north country. He said he would arrange a conference of railway and federal government officials so that reports on railway location and resources could be placed before them.

IN AN OUTLINE of the findings of official survey parties investigating resources of the area and suitable routes, Mr. Hart said cost of extending the PGE railway to Dawson Creek by way of Hudson Hope would cost \$32,000,000 exclusive of equipment. A route through Pine Pass would cost about \$10,000,000 less than by Peace Pass.

A joint committee of Dominion and provincial government officials and representatives of the two major Canadian railways reported last year that some \$22,000,000 would be required to equip the extended PGE for freight service only on a basis of 1,000,000 tons of revenue freight annually.

## U.S. Presbyterian Groups May Merge

PHILADELPHIA, March 20.—

(AP)—The two major groups of Presbyterians in the United States disclosed yesterday a new plan for organic union of their more than 8,500,000 members, which will be recommended to general assemblies to be held in May by the Presbyterian Church in the USA and the Presbyterian Church in the US, Northern and Southern branches.

THE NORTHERN Presbyterians at the same time announced they are holding the door open for further conversations with the Protestant Episcopal Church of organic union.

The Presbyterian department of church co-operation and union replied to a communication from the Federal Council of Churches that the church is willing to co-operate in any movements of union among evangelical churches.

THE UNION PLAN of the two Presbyterian groups is a revision of a similar 1943 proposal and was agreed upon earlier this month at a Cincinnati conference. No essential change is involved in the policy or doctrine of either church.

passenger, freight and chartering rights over the new Peace River highway for the PGE railway, was announced by the premier. Land has also been reserved for terminal, division or junction facilities along routes proposed for the extension.

# NEW FASTER WAY TO CLEAR DRAINS!

Brand-new Gillett's Drain Cleaner opens drains so clogged even water can't ooze through... Costs less, too!

DRAIN CLOGGED UP? Hurry! Use two heaping tablespoons of wonderful new Gillett's Drain Cleaner to clear out accumulations of grease, lint, soap or sediment.

## Boy, 14, Is Held In Murder Probe

INDIANAPOLIS, March 20 (AP)—Richard Imel, 14, was being held today for investigation after police said he killed his stepmother, Mrs. Lillian Imel, 36, last night with a shotgun because she had been "picking on me." The boy said his stepmother accused him of being out with girls when he should have been home eating his dinner.

Windsor chairs were among the first illustrated items advertised in early newspapers.

## "Count" Given 3-Year Term

JOLIETTE, Que., March 20.—(CP)—The 50-year-old Count of Joliette, who posed as a millionaire, hired men and purchased lots to build industrial plants, was sentenced Tuesday by Judge Aime Chasse to three years in penitentiary on charges of obtaining money and services by false pretences.

KNOWN TO CITIZENS of this town 4 miles northwest of Montreal as Count Guy Georges Gouin de Fontenailles, the man whom the judge said put on a better show . . . than many of the accomplished actors and actresses we see at the local movie house, was sentenced under his correct name—Joseph Fernand Charles Auguste Gouin.

Gouin pleaded guilty and when he was led away by authorities after sentence was pronounced cheers rang through the crowded corridors.

THE BOGUS COUNT was arrested in Quebec City last week on complaints of Joliette police after he had signed worthless cheques amounting to \$2,000 for several dozen employees hired for a business scheme here.

## Flash Fire Razes Church at Ottawa

OTTAWA, March 20.—(CP)—A \$100,000 flash fire, possibly caused by a gas explosion, raged through Trinity Anglican Church at the south edge of the city Wednesday, destroying it in a few hours and spreading so rapidly the minister Rev. C. A. Bonder—and a woman parishioner were forced to break through a window to escape.

First noticed by a passer-by who saw flames leaping from the chimney of the red brick building at Cameron and Bank streets, the blaze brought three alarms and firemen had difficulty in keeping it from spreading to other buildings.

**Special Stamps**  
OTTAWA, March 20.—(CP)—The post office department is giving consideration to a special issue of postage stamps to commemorate the 80th anniversary of confederation on Dominion Day, July 1. It was learned today. No final decision has been reached.

**TOWN TAX RECORD**  
BRIDGE TOWN, N.S. (CP) This town's 1946 tax collection established a record. General taxes for the year were 90.5 per cent collected, and for the whole year there was not one taxpayer delinquent in water rates.

**WATER VS. CHEMICALS:** New York firemen battle a blaze in a chemical warehouse near the waterfront. Fumes were an added hazard to the fire and damage reportedly ran into the "millions" before the flames were brought under control.

## Butter Hoarders Will "Lose Out"

OTTAWA, March 20 (CP)—Any butter hoarders in Canada will find they're in a profitless business for the prices board announced today that "if and when" an increase is allowed in butter prices all persons holding butter stocks will have to refund inventory profits resulting from such an increase.

THE ANNOUNCEMENT is in line with Agriculture Minister Gardiner's statement in the house two days ago, that where a price increase or substitution of a price for a subsidy gives "unwarranted" profits to holders of stocks, such stocks will be purchased by the government at the old price and returned to the holders or sold at the new price.

Board officials said the new regulation has been brought in following reports from many parts of Canada that some creameries and distributors are withholding butter from sale with the expectation of making extra profits in the event of such price increases.

Recovery of inventory profits will apply to all classes of butter distributors, from manufacturers to retailers.

## Child Welfare Act Changes Approved

CALGARY, March 20 (CP)—Changes in amendments to the Child Welfare Act which had their first reading in the Alberta legislature Feb. 20 were advocated by members of the child and family division of the Council of Social Agencies Tuesday. The changes, which were adopted by the Edmonton Council of Social Agencies, cover matters of adoption, destruction of documents and records pertaining to adoptions, definition of the term "wards of the government," members of the child welfare commission, and training schools for delinquents.

## To Quell Japs

PEARL HARBOR, March 19.—(AP)—A detachment of United States marines has been flown to Peleliu to quell 12 holdout Japanese who have been hurling grenades at Marine patrols, the marine garrison forces of the Pacific said today.

## Plan Military Talks

OTTAWA, March 20.—(CP)—Maj. Gen. C. G. G. Nicholson, director of the Royal Artillery in the British Army, will arrive here from Washington March 23 to discuss with high-ranking officers of the Canadian Army new trends of thought in artillery matters, army headquarters said Wednesday.

## Bridge

By William E. McKenney  
How to get to the four spades on today's hand was the subject of an animated discussion at the Winter Carnival Tournament at St. Paul, Minn. All agreed that South's correct opening bid was one diamond. Over West's bid of one heart, North came in with a free bid of one spade. South's bid of two clubs was aggressive, but once again North made a free bid of three clubs.

By this time South should have realized that North had a pretty fair hand. While it is true that many players do not like to sup-

port with only three trumps, the St. Paul group thought that over three clubs, South should have taken some aggressive action, possibly three no trump, or even four spades. They felt, and I think you will agree, that North would have been justified in passing the three spade bid.

A few breaks were needed to make four spades. In the actual play declarer lost only a spade and a heart, making five-odd.

## Railway Fights Producing Records

OTTAWA, March 20.—(CP)—Railway counsel in the national freight-rate inquiry Wednesday continued argument against the production of Canadian Pacific Railway records sought by the provinces, and indications were the argument would take up a second full day before the Board of Transport Commissioners.

C. F. H. CARSON, counsel for railway association, F. C. S. Evans, for the CPR, and Hugh O'Donnell, for the Canadian National Railways, argued the requested documents were not relevant to the case and their admission should be refused.

There was no need for further particulars, they declared, arguing the issue was a "general revenue case" and that regional and territorial matters were not under consideration.

## Death Penalty For India Rioters

YESHAWAR, India, March 20.—(Reuters)—Sir Evan Jenkins, governor of the riot-torn Punjab province, Wednesday announced an act providing the death penalty for attempting murder, abduction, rape, banditry and arson.

THE MEASURE also empowers magistrates and police officers to open fire or use other forcible means, even so far as causing death, against any person disobeying the government's ban on assembly of more than five persons and carrying weapons or objects that could be used as weapons.

The act specifies as "disturbed areas" to which its provisions apply, the districts of northern and western Punjab where communal disturbances have mainly occurred, and several large towns including Lahore and Amritsar.

## Ban Distribution Of Pamphlets

QUEBEC, March 20.—(CP)—An amendment giving municipalities power to prohibit the distribution of pamphlets and similar printed matter within their confines stirred vigorous debate in the Quebec legislative assembly last night as Premier Maurice Duplessis, obviously referring to the Witnesses of Jehovah, said that municipalities must be given complete power to cope with "organizations spreading subversive ideas."

The amendment to the cities and towns act was given third reading after a division. It permits municipalities to prohibit and regulate distribution of pamphlets, circulars, advertisement or other printed matter, and provides fines of \$25 to \$100 and one to three months in jail. The previous penalty was \$20 fine and one month in jail.

## Britain To Release More in Services

LONDON, March 20.—(Reuters)—Labor Minister Isaacs disclosed in a written reply to a parliamentary question yesterday that approximately 308,750 men and women will be released from the armed services during the period from April to September this year. Isaacs said the above releases would bring the total demobilized since June, 1945, to 4,717,300.

## North Battles South In Two Cage Finals

Basketball will reign supreme in Edmonton this week-end with both the intermediate ladies' and junior men's provincial titles being placed on the line.

The girls' series will open at the Garneau gym on Friday at 8 p.m. and will conclude Saturday night at the Westglen gym, the contest getting underway at 7:30 p.m.

**TOILERS**, who are the Northern representatives, will open their series against the Calgary North Hill club Saturday night at Westglen gym at 8:30 p.m. Date for the second game of the total-point series has not yet been decided.

The Toilers have whittled out quite a record for themselves already this year, winning nine out of ten league games, taking the city series with one victory and a defeat, and capturing the northern championship by taking two out of three games from the South Side.

**THEIR RECORD** also extends into Saskatchewan, where they won the Moose Jaw tournament by playing three games in one day and winning them all.

The Toilers will likely field the following players: Don Atkinson, David Barnes, Gordon Woodman, John McDermid, Jim Macdonald, Charlie Chinnick, Gordon MacLachlan, Ron Chapman, Guy Cubitt and Hammy Drever.

The Calgary team is reported to have an aggregation of sharpshooters and the Toilers anticipate a hard-fought series. The second game of the series may be played in Calgary.

**PLENTY OF ACTION** is promised in the intermediate ladies' contests. Afton Beazer, who stands five feet 11 inches, Enid Dowell and Priscilla Glenn are the ace marksmen on the Cardston team, which is undefeated so far this year. The Stars eliminated Lethbridge with two straight victories in the semi-finals.

Other members of the Southern team are Agnes Sloan, Mae Hinman, Darlene Sabey, Patricia Matkin and Ruth Matkin. Hugh Redford is manager and Don Cardwell coach.

**THE ARMY AND NAVY** Pals have been drawn from the five Edmonton high schools. Hailing from Eastwood are Sylvia Calder, Doris Nufer, Mona Creighton, Camille Hodgins, Evelyn Cramer and Eleanor McIntosh. From Seona: Phyllis Cox and Lee Barnstein. From Commercial: Cora Shalen, Shirley Wentworth, and Dorothy Allan.

From Westglen: June Koluk, From Victoria: Dell Wilson and Audrey Falkenberg.

## John Shkor Offers To Fight Woodcock

LONDON, March 20 (AP)—Johnny Shkor, Boston heavyweight, has offered to fight British champion Bruce Woodcock in London, promoter Jack Solomon said Wednesday.

Solomon said he would consider matching Shkor with Woodcock after the British champion's fight with Joe Baki on April 15. Shkor recently scored a technical knockout over Tami Mauriello, conqueror of Woodcock.

## Rivals Team Up

JOHANNESBURG, March 20 (AP)—Sammy Sneed, the touring Hot Springs, Va., golfer, and Bobby Locke, South African champion who has opposed the American in a series of matches, teamed Wednesday to beat Sid and Jack Brews, local pros, 4 and 3, in an 18-hole match at Killarney.

## "B" AGGREGATE

J. Noonan 3116.

## HIGH TRIPLE

E. Oberg 808.

Winners are requested to pick up their prizes at the Recreation Alley on Monday, March 24th, between 8 and 10 p.m.

## Amateur Boxing Titles At Stake

An entry of 35, including five of last year's finalists, has been received for the Northern Alberta amateur boxing championships, which will be staged at the USO hall tonight.

None of the mitt-slingers are from outside points, but some high class talent from the city will be on display. Post entries will be accepted.

## Garneau Triumphs

Garneau, displaying a smooth passing attack, pinned a 43-19 defeat on Seona in a boys high school basketball game at Garneau last night. Seona showed a lot of spirit, but poor shooting kept the score down.

## Canadiens' Success Tribute to Dick Irvin

By W. R. Wheatley  
MONTREAL, March 20 (CP)—Montreal Canadiens, despite a gaping hole at centre, have come through with their fourth consecutive National Hockey League championship in such impressive fashion that their achievement must be considered at once a tribute to the team itself and to the canny coaching of Dick Irvin.

There were pre-season predictions from opposition camps that time had caught up with Canadiens, that this so-called wartime team would crack wide open once the other clubs were back to "normal."

**THE FIGURES** tell the story. With two games still to go before the Stanley Cup series, the flying Frenchmen hold an 8-point advantage over the second-place team. Last year they finished with a five-point lead.

In winning the league title last year Canadiens scored 61 points in the 50-game schedule. The schedule was extended 10 games this season but at the 50-game mark they already had 65 points, and now, with 58 games played have run their string to 76.

**THE DEFENSIVE** record is just as impressive. In 58 games this season 131 goals have been scored against Canadiens, compared with 134 in the 50-game schedule last year.

Undoubtedly one of the secrets of the team's success this year is that the punch line, led by Maurice (The Rocket) Richard, has kept punching.

To date Richard has scored 43 goals. His total for the four seasons that the famous line has been together now is 152. His league record two years ago of 50 goals still stands and it is conceivable that by the end of next season he can hit the coveted 200-goal mark in half the time it had taken most players to reach it in their warring days.

**OVER THE LAST** four years the team has undergone comparatively few changes. The punch line has remained intact. In that time Canadiens have played 232 games, including 24 play-off games. They won 150, tied 27 and lost 50. In the playoffs alone they won 18 of 24 games.

In the full 232 games they scored 917 goals, against 539 by their opponents.

The defence, led by Butch Bouchard and Kenny Reardon, a rear-guard combination that has no superiors, has been a tower of strength in Canadiens' drive to the league title. General manager Frank Selke gives the defence unstinted credit.

## Announces Fight

LONDON, March 20 (AP)—Freddie Mills, British light heavyweight champion, will fight Johnny Ralph, South African heavyweight, in Johannesburg April 14, his manager, Ted Broadbribb, announced Wednesday.

## Granite Bonspiel

Following are the Friday games in the Granite Curling Club's mixed bonspiel:

At 7 p.m.—Gauld vs Gray, Spencer vs Kuefner; Molyneux vs Hood; Roberts vs H. O. Ritchie; Woodin vs Race; Veilleux vs Wolfe.

At 9 p.m.—McCallum vs Ferguson; Jones vs Gainer; Kendall vs Kaufman; McFadyen vs winner B. E. Law-South; winner Rivers-D. Ritchie vs winner Inkpen-Dr. Law.

## Playoffs Tonight

By The Canadian Press

**EAST**—Ottawa District finale—Ottawa Army at Cornwall, second game of best-of-three series.  
**WEST**—Manitoba-Thunder Bay—Winnipeg Flyers at Port Arthur Bearcats, second game of best-of-five series. Winning leads 1-0.  
There are no Memorial Cup playoffs tonight.

## U. S. Race Tracks Adopt Set of Laws

NEW YORK, March 20 (AP)—Racing in the United States, which began a clean-up campaign a year ago by setting up its own "FBI," Wednesday gave this police force a club to swing—a set of laws for the sport, chief of which calls for mandatory fingerprinting of all horsemen.

Pointed directly at elimination of "undesirable practices and elements, illegal activities," and bookmakers, the "code of standards" was adopted by the 35 member tracks of the Thoroughbred Racing Associations, which embraces virtually every major racing strip in the United States.

**THE CODE** stipulates that any violation can be punishable by "suspension or expulsion" of the guilty track from the TRA.

The TRA board of directors code stipulates that anyone approached with "any attempt to bribe or to fix or otherwise influence" a race and anyone "who shall come into possession of knowledge" concerning such a violation of law must report it immediately "for complete investigation by the Thoroughbred Racing Protective Bureau (The American turf's FBI).

# It droppeth as the gentle rain ...

"The quality of mercy is not strained;  
It droppeth as the gentle rain from heaven ..."

WM. SHAKESPEARE

This quality of mercy, which is the guiding spirit of the Red Cross, kindles hope and courage in the hearts of thousands, falling always where the need is greatest.

MERCY - for Veteran patients who still bear the scars of war.

MERCY - for Handicapped Children.

MERCY - for carrying on the work of the National Blood Transfusion Service.

MERCY - for the victims of Disaster.

MERCY - for the Underprivileged who need Home Nursing and First-Aid.

The Canadian Red Cross is in urgent need of financial aid - your financial aid. Won't you help - generously?

## THE HOUSE OF SEAGRAM

## Floods

(Continued from Page 1)

phone that water was four feet deep in the village.

Army and police officials prepared to evacuate 10,000 persons from marooned homes in the Thames valley to emergency billets.

OFFICERS OF the Royal Engineers were briefed last night on anti-flood measures for use in the Fenland country north and east of Cambridge, where an estimated 40,000 acres of wheat-producing soil have been ruined and thousands of sheep, cattle and poultry have drowned.

The ministry of fuel and power said floods had slowed the movement of coal to industries in the West Midlands and Yorkshire.

Although flood conditions became worse in most areas, the Thames dropped two inches during the night and flood waters began receding.

Most highways were blocked in central and South Wales. Lingerings snows still blocked roads in Scotland.

KINGSTON, Surrey, England, March 20.—(CP)—Trowlock island, which normally houses 30 families, today has only one inhabitant—a solitary chicken perched above

## Laraine and Leo Leave for Cuba

BURBANK, Calif., March 20.—(AP)—Actress Laraine Day was en route today to the Havana, Cuba, training camp of the Brooklyn Dodgers with her husband, Leo Durocher, manager of the club. Meantime, the question of whether Miss Day's interlocutory divorce decree from J. Ray Hendricks, airport executive, should be set aside was on a superior court calendar for hearing April 28. The divorce, granted Jan. 20, does not become final for a year in California.

flood waters on the tiled roof of a half submerged dwelling.

THE CONDITION here is typical of that of hundreds of square miles of England flooded by thaw-swollen rivers.

Though the whole island here is several feet under water and all other livestock, including dogs, cats, rabbits, canaries and parrots have been removed by their owners, the chicken not only refuses to leave but is defiantly continuing to lay eggs.

Trowlock, like many small, inhabited islands in the Thames, had to be evacuated Saturday as spring tides swelled flood waters by an extra 18 inches. The evacuation was carried out by James Carter, island bailiff, with the aid of five boatmen who were able to row right across the island.

DON'T TAKE 'EM! Jean Hogan seems a bit dubious as she is handed some wooden nickels. Just curiosities now, they were once worth five cents apiece, having been issued at Teniso, Wash., an scrip during the currency shortage of 1932. They're now exhibits at annual hobby show in New York City.

## Conference

(Continued from Page 1)

larger share of German coal for France.

MEANWHILE authoritative sources said "Moscow's official reaction to President Truman's Greek-Turkish proposals seemed to be taking a trend toward the view that the United States is developing an out-and-out anti-Soviet policy.

First inkings of the official Russian line were reaching American ears informally today and roused immediate speculation as to what effect, if any, such a view would have on the prospects for reaching agreement in current negotiations on the future of Germany.

FOREIGN Minister Molotov and State Secretary Marshall agreed at last night's session of the council of foreign ministers that it was entirely possible for the Big Four to compromise their differences and reach an accord on critical German economic problems.

Molotov appeared to be in a particularly conciliatory mood, but aside from agreement that differences could be reconciled there was scant progress toward writing a German peace treaty.

It took 13 years to build Brooklyn Bridge.

## Gouzenko

(Continued from Page 1)

reached, say that Justice Minister Isley has directed that no decision be made until the trials are over. They say, too, that no commitments have been made to Gouzenko.

But the justice department is fully aware of the problems involved.

Mr. Isley declined comment. Gouzenko himself is said to be fully aware that attempts will probably be made on his life.

Although other Russians have abandoned their country once sent abroad, few if any of them ever took such condemning documents as those he spirited away from the Embassy here.

That is another reason why the Russians should want to wreak vengeance.

Stocky, blunt-jawed, firm-minded, Gouzenko is the father of two children. He is said to want some form of protection for them and for himself and the government is believed to be ready to provide it.

At the same time Gouzenko wants to work for himself—he is quite a painter and artist. What form of compromise can be worked out between a life of protection and a life of daily labors may be largely of his own design, because he has his own convictions and it is his fate.

SO FAR, one anonymous Canadian has volunteered to put up enough money to pay him a \$25-a-week annuity for 20 years. He also has received a considerable sum for an article which appeared in an American magazine. He had little money when he left the Embassy.

Meanwhile, he remains secure behind the guardianship of the RCMP.

## Britain May Keep German Prisoners

LONDON, March 20.—(Reuters)

—Announcement that an opportunity of staying in Britain as civilians will be offered to German prisoners of war now working on British farms was made yesterday by Agriculture Minister Tom Williams. It is estimated there are 130,000 Germans on the farms. Williams said the men would receive civilian wages and be assimilated into the population.

## Swear Negro Into High French Post

PARIS, March 20.—(AP)—

Gaston Monnerville, a Negro, was sworn in yesterday as president of the Council of the Republic, the upper French legislative house. A deputy from the South American colony of French Guiana who has served in various French parliamentary chambers since 1932, Monnerville was the first Negro to be president of a parliamentary chamber in France.

## "Q" Fever Cases Spread by Cattle

CHICAGO, March 20.—(AP)—

The first sizable outbreak in the United States of a new epidemic type disease called "Q" fever apparently was caused by infected cattle, medical investigations reported yesterday. The outbreak occurred in March, 1946, among stock handlers and slaughterhouse workers in Amarillo, Tex., with 55 cases reported.

## Floods Abate

MILES CITY, Mont., March 20.—

(AP)—Flood dangers abated throughout southeastern Montana today after ice jams on the Yellowstone and Tongue rivers had threatened to spill water from spring thaws over river banks. The waters forced 200 families from their homes Tuesday.

## Canadian National Orders New Cars

MONTREAL, March 20.—With production steadily increasing and the manufacturers predicting that unprecedented numbers of automobiles will be rolling off the assembly lines soon, the Canadian National Railways announced here today the placing of an order for the construction of 500 new all-steel automobile cars. They will be built by the Canadian Car and Foundry Company at Montreal.

## Photographer Dies

PITTSBURGH, March 20.—(AP)—W. O. Breckon, 71, well-known portrait photographer, died yesterday at his studio. Breckon, a native of Ontario, had lived in Pittsburgh for the last 45 years. He was awarded a fellowship by the Photographic Society of America in 1945.

## Asks Extension Aid to Veterans

A plea for an extension of provisions of a bill which offered educational assistance to children of deceased or disabled veterans of World War II to include the children of veterans of the First Great War was voiced in the Legislative Assembly Wednesday afternoon by W. J. Williams (Vet-Edmonton).

THERE HAD BEEN such provision for children of unfortunate veterans of world war I, but this had been terminated in 1942, it was stated. The new provisions were ordered so as to apply only to children of veterans of the recent war.

Up to the present no applications had been received from such children.

## May Take Action Against Sullivan

MONTREAL, March 20.—(CP)—Three hundred Montreal policemen, members of the Canadian Brotherhood of Policemen, at a meeting here last night unanimously adopted a resolution "to study the opportunity of taking legal proceedings against J. A. 'Pat' Sullivan, 'as a result of the accusation by the former president of the Canadian Seamen's Union that the Montreal police strike in 1943 was financed by the Communist party to the amount of \$9,000.

ren, Hon. R. E. Ansley, minister of education, indicated. The government will consider extending the act to include all veterans.

Hydrogen is the lightest element known.

## The Book of Knowledge

(Department: Literature)

This and the following articles are taken from the Book of Knowledge and can be clipped for saving in a reference book.

### FAMOUS BOOKS OF CHAUCER'S TIME

In a previous article, we told you of Geoffrey Chaucer, English poet of the 14th century whose most famous work was "The Canterbury Tales" and whose writing helped to standardize the English language.

While Chaucer was writing poems for fashionable people to read in books expensively copied by hand, the common folk of England were telling each other tales in ballads. When printing was introduced in England in the 15th century, these ballads were among the first poetry circulated everywhere. One set, that told the story of the bold outlaw, Robin

the little group of 14th century writers who helped to settle the form of the English language. In his youth, he wrote in Latin and French, as those languages were then considered more elegant for literary purposes, but in his later years, he wrote in a quaint English dialect.

It is more than possible that Chaucer also knew John Wyclif (1320-1384), noted priest and religious reformer who may be said to have begun the movement known as the Reformation of the Church. He wrote sermons and tracts on the state of the Church. He was another of the writers who helped to accustom the people of England to read books in their native tongue. Wyclif probably directed the first full translation of the Bible into English, and it is probable that he translated some of it himself.

A famous poem which has come down to us from Chaucer's time is "The Vision of Piers Plowman." From this we learn much about the sadness and misery of the lives of the poor people. It is written in the form of a vision, or dream, and deals severely with the evils of the time. A large number of words used are strange and it is much more difficult to read than Chaucer's works.

We know nothing about the author and his life except what the poem tells us. Indeed, it may have been written by more than one person. However, it is generally believed that at least the most important part was written by a man named William Langland, or Langley.

It is interesting that, although books on religion, history, science and law were written in prose, nearly every story that has come down to us from that time was written in verse. Perhaps men were still so near the time when stories were always sung by minstrels that it did not occur to them to write stories in prose.

Chaucer himself wrote some prose. Two of the "Canterbury Tales" are in prose. He also wrote a scientific treatise for his son, whom he lovingly called "Little Lovis, my son." He commended the boy for his ability to learn the science of numbers and proportions, and for his love of knowledge. Chaucer shows himself here as a loving father, but he has not left us a model for prose writing.

When he died in 1400, English poetry had attained a charm unknown in prose. Two centuries later, English prose had acquired grace, sweetness and strength that it has scarcely surpassed since, while in poetry a stately edifice had been built on the plain foundations that Geoffrey Chaucer laid.

## Why Grow Old?

By Josephine Lowman

Many people do not think seriously of hobbies, namely, the ones who have never been subjected to strain, or have such full busy lives that they have no time to recognize the need for self-expression, or those who need a hobby badly but have not yet realized it.

The following letter from a reader is quite exciting. I think, because it is the chronicle of a woman who found adventure even though she must, of necessity, be at home all of the time. Her hobby took her, in mind and through letters, to a large portion of the world.

She says, "Dear Josephine Lowman: I read with a great deal of interest your article about hobbies which was published not long ago. This is a subject so close to my heart that I feel I must write to tell you what one hobby did for me. Every female who is under any sort of strain in the home should cultivate a hobby for relaxation. In fact, I feel that one hobby is all that saved my mind during 15 trying years. I cared for an aging member of my family who was dear and sweet but who lived to be almost 90 and required constant care."

"I was under constant nervous strain and many days was near a crackup. Those are the days when my hobby helped. I was confined to the home almost constantly and needed an outside interest. I started collecting and compiling family history which consisted of records, biographies, old photographs, newspaper clippings and many other things of historical value. At odd moments while my patient was napping, I wrote letters or assembled or recorded in my three books."

"My family record covers eight generations. I could hardly wait for the mail man to come. My

Actress Leslie Brooks has chosen a hobby which will keep her out-of-doors and sometimes out of breath.

hobby became more and more interesting. It has the same fascination as the jigsaw puzzle. Relatives were co-operative and it was so much fun as, day by day, small bits of the puzzle came in and I placed them where they belonged in the huge pattern. "Once I started this it became more and more interesting as the days passed. I have never tired of it in 15 years. I just cannot say how grateful I am for my hobby and what it has done for me. Yours truly, A Hobby Enthusiast."

Well, there it is! One woman found world-wide adventure right in her own home! People who need it most sometimes shrug off the idea of a hobby because it seems vague, and they do not know what they want to do and do not feel that they would be interested in one. Yet once we make the start in any activity, and begin to in

## Your Baby and Mine

By Myrtle Meyer Eldred

It infuriates some parents to be told to ignore the child's thumb-sucking until he has outgrown naturally his desire for it. But, since this is the quickest way to end this habit it would be foolish not to use it. Doing something about it often intensifies the child's desire to outwit the parent.

In some children the desire, sometimes the real need for sucking, is stronger than in others. Some babies never even nibble at a thumb. Others suck come out their thumbs. But, even with these two diverse types, the solution is still to give the child the opportunity to suck the thumb, while every effort is made to see that the child's nutritional needs are being fully satisfied. By the end of the first year, or the second at most, the child should have outgrown this desire for sucking; unless the parent has made it necessary to continue it as the child's means of asserting his personality.

Sometimes, the sucking desire

vest time and thought in it, our interests bloom and we wonder why we haven't done it before. If you have time on your hands, or your life places you in a rut or subjects you to strain, I feel certain that you too would find great satisfaction and relaxation in a hobby.

If you wish to have a list of suggestions send a stamped, self-addressed envelope with your request for leaflet No. 66 "Hobbies" to Josephine Lowman in care of The Edmonton Bulletin.

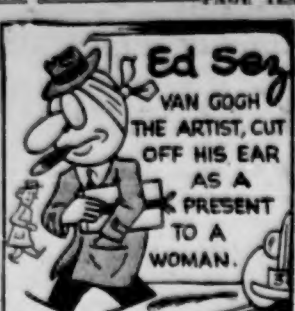

can be met by increasing the number of the baby's feedings. The self-demand type of feeding procedure ought to help, as babies get food when they want it, not when the clock says it is time for it. They may voluntarily take more feedings each day than the baby who is kept on a rigid schedule. The older child who must have his thumb as a comfortor needs to have his whole environment, as well as his diet, checked. Maybe he is punished too frequently, has too few companions, is set higher standards of conduct or performance than he can reach. A sense of unhappiness, of insecurity, or dissatisfaction will turn a child back to the comforts of infancy, when he was without problems. Happy, busy children do not need soothing habits such as thumb-sucking. But those who have used them may still revert to the habit when they are tired or sleepy or in trouble.

The parent who does not make the child self-conscious about the awfulness of his habit, but who sees that he has a generous diet, and satisfies his need for love,

attention and companionship, need go to no drastic lengths to wean him from his thumb. He weans himself.

The child who can suck a thumb or leave it alone will reach an age when the habit no longer appeals. But, if his parent has always been violently opposed to it, he is driven to hang on or surrender his personality.

Our leaflet No. 55 "Thumb-Sucking," covers this subject more thoroughly. It may be had by sending a stamped, self-addressed envelope with the request to Myrtle Meyer Eldred in care of The Edmonton Bulletin.

Sort of a chip off the old block, I guess.

## Jasper Place Was First

## Community Leagues Formed 30 Years Ago

The 30th anniversary of the formation of community leagues in Edmonton will be celebrated Saturday by the pioneer league at Jasper Place. It was on March 2, 1917, that officers were elected and a constitution adopted for the first community league in the city, organized as the 143 Street District Community League. Only one of the original officers is still a resident of the city, H. P. Brown of the department of extension, University of Alberta, who played a prominent part in the league and was its first secretary.

GEORGE M. HALL, then industrial commissioner of the city was president. Others who were active in the first few years of the league were the late R. D. Tighe, R.C. J. H. Dellamere, Colin Case, Miss A. D. Brown then principal of the Jasper Place School and the Rev. J.H. A. Alderwood, now Archdeacon of Ottawa who was rector of St. John's Church now St. Paul's, Jasper Place.

Up until 1917 little had been done in Canada in the organization of communities for local and civic service and recourse had to be made to information from the United States. In Rochester, N.Y. and other cities a great deal had been done to foster community endeavour and the social centre movement using the public school as community centre had come into being. The objects were stated to be "the development of intelligent public spirit through meetings in the public school building for the open presentation and free discussion of public questions, and for such other civic, social and recreational activities as shall promote the welfare of the neighborhood and give promise of common benefit."

THE FIRST meeting at Jasper Place was held in a two story brick building which was then the school but subsequently became unsafe and was pulled down. There was a great deal of enthusiasm in the district and the league had many accomplishments to its credit in the first few years of its history. Formed during the First World War there were many things to be done. Various relief funds and Red Cross campaigns were handled and in the greater production campaign vacant lots were put into gardens. The community also undertook to cultivate 15 acres of vacant land in Jasper Place which was needed to grain following a successful tractor demonstration in which the land was ploughed with no expense to the league.

Among the innovations, the league undertook to arrange public meetings under its auspices for the presentation of issues in civic, provincial and Dominion election campaigns and an awakening of interest resulted.

RECREATIONAL interests included the provision of a community rink for skating and hockey, the first of many such rinks to be made available to the children and young people of the city. Annual events included a field day on May 24 the highlight of which was the crowning of the May Queen to an accompaniment of Maypole and other traditional Maytime dances.

Some of the May queens of the early days are still in the city including Helen Staunton now Mrs. Elmer Stutchbury (1918); Dulcie Williams, now Mrs. F.A. Roth (1919), and Madeline Case, now Mrs. Jack McKenzie (1920). Another featured event was the Fall Fair held annually on Labor Day. This originally grew out of the greater production campaign and consisted of competitions in garden produce, both vegetable and floral, poultry, cooking and canning, art and photography and handicrafts of various kinds. After a few successful years, the fair became one for the children only and served to emphasize the work of the school.

THE LEAGUE at Jasper Place was the first to arrange with the city for a block of land for recreational purposes, a plan which was later extended to many of Edmonton's outlying districts. The wisdom of this plan is well exemplified in the case of Jasper Place where building development has been rapid in the past few years. The original block is still used and the community hall and rink are on this land which has been reserved for a permanent recreation ground.

With the success of the pioneer league, other leagues were formed until in 1921 there were in existence in various parts of the city. In

H. P. BROWN

January of that year the Edmonton Federation of Community Leagues was formed to act for all of the leagues in matters of common interest and welfare.

NOW THERE are 36 community leagues in Edmonton and the movement has programs beyond anything the pioneers who organized the first league had envisioned. Many changes have taken place in Jasper Place where the first community league was formed and many of those connected with it 30 years ago have passed on or have moved from the district and city. The officers of today are younger but just as progressive though the league's activities have changed with the changing times. At one time some doubt was expressed about the permanence of the movement in its early stages, but there is now no doubt that in Edmonton at least, the community league has become well-established and its possibilities for public good are as great as ever.

To celebrate the 30th anniversary of their league, members of the Jasper Place community will hold a gathering in the community hall on Saturday, H. P. Brown will tell the story of the formation and history of the league and will show lantern slides depicting its activities in its early stages. A moving picture film of a May 24th celebration with the crowning of the May queen and Maypole dance will also be shown. Former residents and others active in the work of the league in its early days are expected to be present as well as officers of the Federation of Community Leagues past and present.

## Cosmos Celebrate Annual "Irish Day"

"Irish Day" was celebrated at the regular luncheon of the Cosmopolitan club held Tuesday at the Corona hotel. William Smith, tenor, entertained members with several Irish songs. He was accompanied by his daughter Betty Mae Smith.

An Irish jig by Mrs. Joy Belzler, was an added attraction. New member Harry Armstrong was presented with his club certificate, John G. Norrington, Jr., club president presided.

## Bonnie Doon Church Fetes Anniversary

The Rev. S. D. Trites, moderator of the Edmonton-Peace River Association was guest speaker at the anniversary services held in the Bonnie Doon Baptist Church on Sunday morning. The Rev. Ebel Rums was speaker in the evening. An anniversary supper was held at the church on Monday with 85 members and friends present. The evening closed with a devotional period.

## VISITS BRIEFLY

Paul LaFramboise, national president of the Junior Chambers of Commerce, was a visitor in Edmonton briefly Tuesday. In the afternoon he went to St. Paul to visit the junior chamber there, and today has gone on to Saskatoon.

## BOTTLES MISSING

Between 12 and 15 dozen cases of beer bottles—all empty, were stolen from a garage recently according to a report from Peter Osobka, 10911 97 street. The complainant said he noticed the empties missing from his garage Tuesday.

## 21 Agric Grads Attend Banquet

Twenty-one graduates representing the class of 1947 from the University of Alberta school of agriculture Tuesday evening were guests at a banquet held in their honor at the Macdonald hotel. It was the twenty-seventh annual banquet of the University Agriculture Club, and the evening featured speakers representing the University, student body, provincial government, industry and business.

GUEST SPEAKER of the evening was Dr. J. W. Howe, department of animal husbandry in the faculty of agriculture. Chairman and toastmaster was R. S. Heptie, president of the Agriculture Club.

The graduates who will now pursue studies leading to the degree of bachelor of science in the May convention are: R. S. Baptie, Percy; E. R. Berg, Millmont; J. S. Blackie, Edmonton; N. L. Brennan, Forestburg; M. Cameron, South Edmonton; S. L. Dallyn, Ribstone; S. G. Fushy, F. M. Jacobs, Calgary; V. H. Kupchenko, Edmonton; W. Lazaruk, Willingdon; H. R. Manery, Pyramid, B.C.; D. C. Mathews, Calgary; J. W. Melnyk, Deerwast; S. I. Pethybridge, Tress; W. Renner, Calgary; G. W. Varvel, Trail, B.C.; J. L. Miller, J. M. Munday, B. B. Watt, W. G. M. Wiggins and E. H. Wood, all of Edmonton.

DR. HOWE's address dealt with Jamaica and its peoples, its climate, position, history, topography and industry.

Dean R. D. Sinclair of the faculty of agriculture officiated at the introduction of the new graduates. Toast to the province was proposed by Mr. Manery and replied to by O. S. Longman, deputy-minister of agriculture. Toast to the university was proposed by John Melnyk and responded to by Dr. H. R. Thornton, professor in the department of animal science. To the faculty a toast was proposed by Frank Jacobs and replied to by Dr. L. W. McElroy, faculty of agriculture. To the graduating class the toast was proposed and replied to by Ridley Shaw and Stephen Fushy.

Head table guests included T. F. Heatherfield, Edmonton manager of the National Grain Company; S. G. Fushy; S. F. McDougall, manager of Canada Packers; Howard Fredeen; M. Hamilton, manager of the Edmonton City Dairy; Mr. Longman; Dr. Howe; Mr. Baptie; Dean Sinclair; Dr. McElroy; E. J. Munson, Alberta manager for the North West Line Elevators Association; J. W. Melnyk; H. R. Manery and Orville Anderson, representing Swift Canadian Company.

## Welfare Worker Will Speak Here

Raymond M. Hilliard, president of the Illinois Welfare Association will address a public meeting in Talmud Torah hall, Tuesday, March 25, at 8:15 p.m., under auspices of the IOOE. Mr. Hilliard has been asked to come to Alberta as consultant to the Alberta Welfare Study sponsored by the Provincial Chapter, IOOE.

MR. HILLIARD is a member of the board of directors of the American Public Welfare Association, and while in Alberta, will speak in Edmonton, Calgary and Lethbridge.

He is one of the best known public welfare experts on the continent on co-operative care of the aged, infirm and chronically ill. A resident of Chicago, he is a lawyer by profession but left his profession to become legal representative and director of investigations for the Illinois Emergency Relief.

From this, he transferred to become assistant director and later director, of public aid of the Illinois Public Aid Commission. In addition to his other posts, he is secretary of the Illinois commission on care of the chronically ill, and on public assistance laws.

## Calgary Loses On Daylight Saving

A surprise motion to withdraw from the Calgary city charter its right to establish daylight saving time featured the meeting of the municipal law committee in the legislative chamber on Wednesday morning.

NONE OF the amendments presented to the committee by the Calgary council had any bearing on the problem of a different time for the city of Calgary and the committee had approved with minor amendments all of the suggestions advanced by the Calgary representatives when William Tomyn (S.C. Willingdon) tossed the proverbial bombshell by moving a motion which would deprive Calgary of the right to go on a different time classification than the rest of the province.

Many of the arguments advanced in connection with the amendment to the Edmonton charter which would have given the same power were advanced during the debate which followed.

## Youth Guilty Purse-Snatching

Edward Carnegie, 17-year-old Edmonton youth, pleaded guilty to two charges of purse snatching when he appeared before Magistrate A. I. Miller, in city police court Wednesday. In order to allow the magistrate to check the accused's juvenile record he was remanded for sentence until March 25.

The accused is reported to have snatched purses from Mrs. M. Babuk, 9633 106 avenue, and Theresa Surette, 10618 62 street. Mrs. Babuk's purse contained \$25, while Miss Surette's contained \$4. Carnegie had been waived from juvenile court to city court.

Some varieties of sugar beet contain more than 30 per cent of sucrose.

GET A NEW PASS, the British Tommie tells this man at Tel Aviv, Palestine. Under normal circumstances his pass would have gotten him through this barbed-wire barricade, but under the martial law decrees recently in force, he needed a special permit. (Photo by Leo Stoecker, Aome Staff Photographer.)

## Quarrel Leads To Dual Killing

CHARLOTTETOWN, March 20 (CP)—Joseph MacDonald, 21, died in hospital yesterday after receiving fatal wounds in a quarrel over a lemon extract sale at nearby Dundee last night in which police say Leo Roach, 64-year-old shopkeeper, turned both barrels of a shotgun on himself and committed suicide.

RCMP Inspector N. J. Anderson said the two men had quarreled over the sale of lemon extract to MacDonald's younger brother, Roach had picked up his shotgun and fired on MacDonald and while spectators were giving first aid to the youth, they heard another shot and found Roach had turned the gun on himself. An inquest will be held.

The Southern Cross, found off Australia in 1863, was a group of nine pearls joined naturally in the shape of a cross 1 1/2 inches in length.

## Grants Divorces

In supreme court Wednesday Mr. Justice Hugh Macdonald granted decrees nisi of divorce to Verne E. Bohlander from Olive Bohlander; George Chalmers from Ferna Chalmers; Luke Calder from Sophie Calder; Verna G. Worden from Herbert B. Worden; Bernice E. Jerry from Joseph Jerry; Dorothy M. Turner from Hercules A. Turner; Evelyn K. Neame from Rhodri H. Neame.

## TAKES OVER DUTIES

Succeeding A. Anderson as manager of the Horse Hills Livestock Co-operative and manager of the co-operative store in that town, M. P. Davidson formerly manager of the Innisfree co-operative, has taken over his duties.

## TWO DIVORCE DECREES

Two decrees absolute of divorce were granted in supreme court Wednesday by Mr. Justice Hugh Macdonald. They were granted to Peter Spring from Mary Spring, and Blanche L. Salisbury from Kenneth C. Salisbury.

## Sale of License Plates is Delayed

Sale of license plates for the 1947-48 motorizing season would commence on March 20 normally. Hon. A. J. Hooke, provincial secretary, said Wednesday, however, the plates will not be sold this year until details of the government's compulsory insurance scheme are known.

It is expected that the scheme will not soon be settled, the details which will determine the price of the license plates. When this is done it is likely sale will commence.

Legislation in connection with the new insurance scheme will be introduced into the legislature soon, Mr. Hooke says.

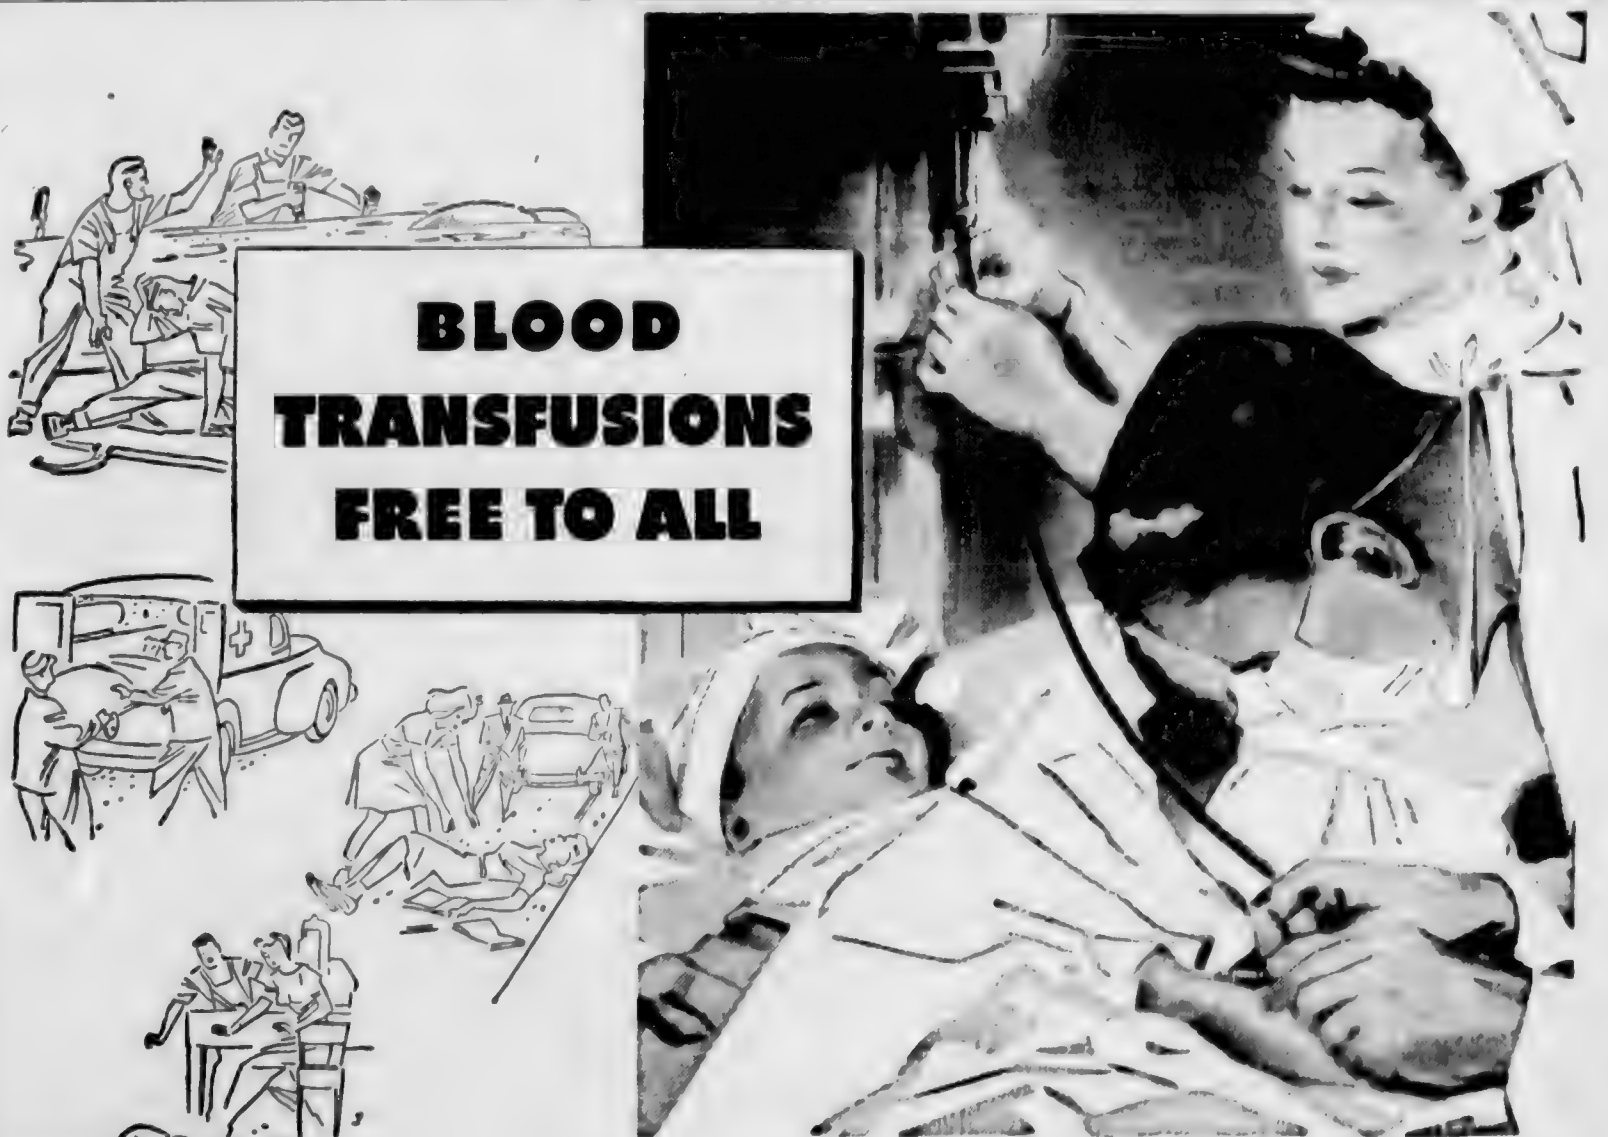

## 2,000 Lots For Gardens

Approximately 2,000 city owned lots will be available this year for garden plots. It was announced by an official of the Edmonton Horticultural Society, and he reminded residents who rented lots last year that the final date for rental expires on April 1.

Lots not re-rented by that date will be placed on the open list, and will be leased to any applicant desiring them. Lessees carry a clause that the renter may have to give up possession at any time if the property is disposed of. Applications for re-renting has been slow this year, but with the rapid thaw it is expected that the demand will increase.

The society is appointed by city council as the rental agent for city owned lots to be used for garden purposes.

Certain tiled chapel floors from the original building of the Abbey Church of St. Denis in France are still in existence, after more than 800 years.

## GIVE to make this possible

● To save the lives of our Canadian fighting-men in action during the war, thousands of Canadian civilians gave their blood to the Red Cross.

But in peace, too, Canadians die when a blood transfusion would save them. Whole blood and plasma are in short supply... in some parts of Canada there are no facilities at all for an emergency transfusion.

In order to save the lives of Canadian men, women and children, the Red Cross is establishing a Civilian Blood Transfusion Service. By a system of voluntary blood donations, the Red Cross will supply every

hospital in Canada with whole blood and plasma. Any patient in need of a transfusion will receive one, free of charge.

Your help is needed to support this and other valuable Red Cross services. The Red Cross needs money... your money. Money to maintain Outpost Hospitals... to help correct the deformities of little crippled children... to maintain Red Cross Lodges, where next-of-kin of disabled veterans may visit their loved ones... to bring relief in time of disaster. All these things the Red Cross does... won't you help them keep up the good work?

## Plan Mid-April Meeting

# No Immediate Boost Price Dairy Products

By D'Arcy O'Donnell

OTTAWA, March 20. (CP)—Agriculture Minister Gardiner indicated in the Commons yesterday that any increase in the price of dairy products will not come until after he has had a mid-April meeting with the advisory committee on agricultural prices.

## Armed Robbers Get Jail Terms

COCHRANE, Alta., March 20. (CP)—Donald C. Harrison, 22, fixed axle, and George Bain, 22, Brandon, were sentenced to jail terms of two years less one day each by Magistrate Andrew Chapman in police court here yesterday when they pleaded guilty to the armed robbery of the Cochrane Pool Hall little more than 12 hours before. The sum of \$55, taken from the pool room proprietor, Carl Lind, and a few snooker players in the Tuesday night hold-up was recovered when the men were arrested by Cpl. J. M. Carter, Royal Canadian Mounted Police. The money was taken at gun-point.

## Calls On Canada To Keep Chemists

HALIFAX, March 20. (CP)—Action by the government and by Canadian chemical organizations to end the loss of "our best men" to United States industry and universities was urged last night by Dr. C. A. M. Wright of Trail, B.C., president of the Chemical Institute of Canada. In an address before the Maritime division of the institute, he suggested extension of graduate schools and more scholarships to keep bright young chemists in the Dominion.

## Plan Statement On Electrification

A statement on rural electrification will be made to the Legislature at the present session if at all possible, Premier Ernest Manning told the committee of supply Wednesday afternoon. The committee had just approved an appropriation for the Alberta Power Commission and the premier was answering a question by Elmer E. Roper (CCF-Edmonton).

## Companies Prefer Large Oil Leases

Major oil companies that are not allowed leases on large areas are reluctant to do exploratory work in a promising field, Hon. W. E. Tanner, minister of lands and mines, told the committee of supply in the Legislative Assembly Wednesday afternoon.

HE ADMITTED that smaller operators often felt they are being discriminated against in the leasing of 100-acre oil areas around fields in which exploratory work has been done by large companies.

However, he pointed out, the independents could pool their resources to obtain exploration permits such as those given to the larger companies. This would put them on an equal footing.

Policy of the Government for a time had been to restrict the size of leases granted, Mr. Tanner said, so that small operators and individuals owned the mineral leases on lands "checkerboarded" by holdings of the larger oil companies.

IT HAS BEEN FOUND that oil development is speeded if the major companies are allowed the exploration permits and the lease, after oil is found, on fairly large tracts of land.

The major companies were in a position to expend a few hundreds of thousands in exploration and other preliminary work, Mr. Tanner said. It did not seem fair that smaller operators should be able to take advantage of this expenditure by locating on the same structure.

Elmer E. Roper (CCF-Edmonton) wanted to know if the government retained the rights on any particular sections of land.

THE MINISTER indicated that in the northern part of the province it had been "arranged" that the government would hold the leases on certain lands adjoining each area in which permits to explore were issued.

Mr. Roper thought that oil firms "herded around and took up leases as soon as a strike was made, so that all the available lands for millions of acres were under lease."

## 4 Engines, 13 Work Cars

# 'Daddy of All Snowdrifts' Yields "Lost" Equipment

WEYBURN, Sask., March 20. (CP)—That high contender for the title of "Daddy of All Snowdrifts," the bank more than half a mile long and 30 feet high on the Weyburn-Talmadge, Sask., line yesterday finally released the last of four engines, two snowplows and 13 work train cars, stuck in it since early last month.

NO TRAINS HAVE PASSED OVER the 15-mile stretch of track about 60 miles southwest of Regina since late in January when an unprecedented blizzard struck the province. Canadian National Railway officials are not yet sure when the line will be open. The marooned equipment is free but some rails must be replaced and others are still in deep drifts.

Eighty men had been working with shovels for the last two weeks on the job of freeing the engines and plows which piled into the drifts during attempts to clear the line during the height of the blizzards early in February.

The Weyburn-Talmadge blockade was believed the last to plague railway officials who earlier called the snow conditions the worst in railroad history.

## Urges Veterans Obtain Treatment

Urging veterans to apply for their share of free dental and medical treatment for one year after the date of their discharge, J. W. Proctor, DVA district administrator, said that no applications for such care could be entertained after the period of that year.

"Many veterans are applying for this service a week, or a month after their year is up," said Mr. Proctor, and because of scaling down of the staff necessitated by a smaller demand such treatment cannot be given.

"I would strongly urge all veterans to take advantage of these facilities, and especially for dental care, within their one-year post-discharge period," he said.

## Alta. To Levy Corporation Tax

A voluminous corporation income tax bill which contains all the phraseology of a similar bill enacted by the federal government was introduced into the Legislature Wednesday afternoon by Premier Ernest Manning. It exacts a five per cent tax on corporation profits in Alberta.

EXCEPT FOR THE amounts levied, the bill is modeled after the Ottawa legislation, Premier Manning said, and is one of the bills resulting from the Dominion-provincial tax transfer agreement.

Corporation income tax levied by the federal government had been 40 per cent, Mr. Manning said. Now the senior government will collect 30 per cent and the

## Many To Attend Tory Convention

OTTAWA, March 20. (CP)—A record number of delegates are expected to attend the annual meeting of the Progressive Conservative Association of Canada here March 28-29. J.M. MacDonald, president of the association and member of parliament for Muskoka-Ontario, said today. The annual meeting will be preceded on March 26 by sessions of the preparatory policy and resolutions committee. Rupert Ramsay, Progressive Conservative leader in Saskatchewan, is secretary of the committee, on which there are representatives of all provinces.

The sun takes about 25 days to turn all the way around once.

# DOCTORS PROVE

2 out of 3 women can have Lovelier Skin in 14 days!

14-Day Palmolive Plan tested by 36 Doctors on 1285 women with all types of skin!

In addition, Canadian women from Halifax to Vancouver tested this Plan in their own homes!

"My complexion had me singing the blues!" says Eleanor Martin (address on request). "It was so oily and coarse-looking that I was about ready to give up! Then out of the blue came an invitation to try the 14-Day Palmolive Plan, under a doctor's supervision."

"I got going lickety-split, and reported to a famous skin specialist. My group were all ages from 15 to 50. Some of us had dry skin; some oily; some just so-so. After a careful examination, the doctor gave me the Palmolive Plan to try in my own home for 14 days. I started the Plan that evening!"

"Here's the Plan that worked for 2 out of 3—  
Yet it's quick and easy as A-B-C!  
Here's all you do!  
A Wash your face with Palmolive Soap!  
B Then, for 60 seconds, massage with Palmolive's soft, lovely lather. Rinse!  
C Do this 3 times a day for 14 days. This cleansing massage brings your skin beautiful effect! Just 14 Palmolive's full beautifying effect! Just 14 days after I started the Palmolive Plan, my complexion was less oily, less coarse-looking—finer looking, too! The doctors said 2 out of 3 women tested had lovelier complexions in just 14 days!"

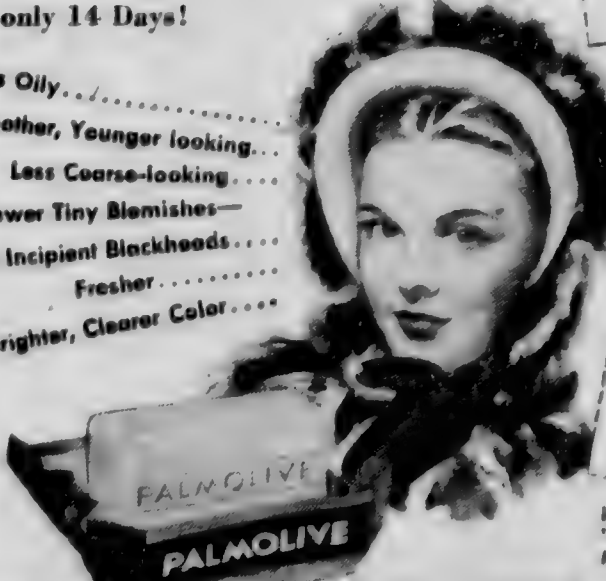

**YOU, TOO, may look for these skin improvements in only 14 Days!**

If you want a complexion the envy of every woman—the admiration of every man—then by all means, start the 14-Day Palmolive Plan tonight!

Remember, the Palmolive Plan was tested on 2696 women of all ages—from fifteen to fifty—with all types of skin. Dry! Oily! Normal! Young! Older! Women from coast to coast! And 2 out of 3 got noticeable complexion improvement in just 14 days! No matter what beauty care they had used before.

Surely that is reason enough for every woman who longs for a lovelier complexion to start this proved new Beauty Plan with Palmolive Soap!

Less Oily...  
Smoother, Younger looking...  
Less Coarse-looking...  
Fewer Tiny Blemishes...  
Less Incipient Blackheads...  
Fresher...  
Brighter, Clearer Color...

## To "Keep Record Straight"

## Drew Again Raps CBC On Radio Propaganda

TORONTO, March 20. (CP)—Premier Drew said Wednesday he intends to "keep the record straight" on his charges that the CBC has been broadcasting propaganda.

SPEAKING in the Ontario Legislature, he said reference was made on Tuesday night by CBC news to a statement by the CBC Sunday "Capital Report" to which the premier referred last Monday. This news said the commentator expressed surprise "that I had interpreted his remarks in the way I did."

"He explained that he had been careful to avoid any attempt to fix responsibility for what has happened," the premier said.

"I will repeat only the first paragraph of his remarks which included a number of other statements along the same line. These were his words:

"The budget statement from Ontario and Quebec destroys any hope which may have remained that tax agreements could be reached soon with all nine of the provinces and a new conference called later on this year to discuss social welfare measures and public investments."

"NO PERSON hearing that statement could be in much doubt that

any further conference in regard to health and social security measures had been blocked by the budgets presented by the province of Ontario and the province of Quebec. . . . I described those words as false and indefensible. I can think of no more accurate description unless I do use stronger terms."

"Since I made that statement, it has been pointed out to me by the CBC that this was not a statement put forward by the CBC but was the statement of a commentator. That was what I said."

"I am well aware that there are many commentators who speak over the networks of the Canadian Broadcasting Corporation who do express completely honest, impartial and very useful opinions. But I am not aware of the importance of timing in such cases. This was the first weekly summary of events at the capital since the presentation of the Ontario budget and the announcement by the prime minister of Quebec that their important taxes would be upon a similar basis. It is the first impression which is very hard to correct. . . .

"WHEN I REFER to the propaganda line, I am making no loose general or vague reference. . . .

Mr. Drew said the Toronto Star in editorial page comment Tuesday said that Ontario's crippled children were being deprived of Dominion assistance for their care and preventive measures were being withheld from many who may be in danger of becoming crippled.

"No more villainous and malicious piece of dishonesty could be put forward than this utterly false appeal to all that is best in human nature. The Star knew that a campaign is being launched right away to collect funds for the care of crippled children. . . . And yet this villainous rag is an utterly void of any sense of decency that it will even play upon emotions of that kind to place before the people of Ontario a false impression of this government. In keeping with the declared propaganda line."

TRY BUILDING UP YOUR CHILD THIS WAY

SCIENCE has proved there are certain food elements everyone needs for health. If there aren't enough of them in a child's food, serious things can happen—such as stunted growth, soft bones, poor teeth, faulty nerves, loss of appetite, defective eyesight.

Ovaltine supplements the diet with elements frequently deficient in ordinary foods. Three servings of Ovaltine furnish a significant portion of a child's daily requirements of Vitamins A, B<sub>1</sub>, C, D, Riboflavin (B<sub>2</sub>), and Niacin and Minerals Calcium, Phosphorus and Iron.

In addition it provides the basic food substances—complex proteins to build muscle, nerve and body cells—high-energy foods for vitality and endurance. It thus acts as an insurance against food deficiencies that retard normal growth.

So if your child eats poorly, is thin, underperforms, perhaps nervous, why not try delicious Ovaltine for normal growth and better appetite.

OVALTINE

HELP BUILD UP RED BLOOD

TO GET MORE STRENGTH if your blood LACKS IRON!

You girls and women who suffer from simple anemia that you're pale, weak, "dragged out"—this may be due to lack of iron in blood. So try Lydia E. Pinkham's Compound TABLETS with added iron—one of the best home ways to help build up red blood—in such cases. Pinkham's Tablets are one of the most effective iron tonics you can buy!

LYDIA E. PINKHAM'S COMPOUND TABLETS (with added iron)

FOR ALL THESE JOBS—USE JAVEX

JAVEX is the speedy, thrifty answer to a host of household problems! It cleanses, whitens, disinfects and deodorizes. It banishes stains from floors and cottons. . . . brightens bathtubs and sinks. . . . makes toilets white and keeps them fresh. Because it costs so little and goes such a long way, Javex saves money as it saves work.

## THERE OUGHTA BE A LAW

## By FAGALY AND SHORTEN

**DICK TRACY**

AND WHEN I CAME OUT HERE THIS MORNING TO POLISH MY CAR—

OKAY, MISTY. I GET IT.

WELL DRESSED! I'M BULLET THROUGH NECK. LET'S SEE HIS CARDS.

CHIEF—TRACY CALLING CHECK ON ONE MEX. CLARK AND CALL ME BACK. THE NAME IS MEL CLARK. ALSO SEND OUT THE EXAMINER AND THE MEAT WAGON.

TEN MINUTES LATER.

WHO? OH YES, EMP. WHY, YES, CHIEF. MY SON'S NAME IS MEL. YES—WHY WHAT'S WRONG?

**MOON MULLINS**

COME ON, WILLIE. YOU GOT TO APPEAR IN THE SHOW UP.

THANKS. I'VE PHONED THE MISSUS THAT I'LL BE HOME IN A HALF HOUR FIRST.

CAN I HAVE THREE GUESSES?

NOW, MISS BAFFLE, CAN YOU PICK OUT THE MAN THAT SNATCHED YOUR PURSE?

I THINK I CAN, OFFICER.

**SUPERMAN**

YOU'RE JUST A KID. AREN'T YOU TOO YOUNG FOR THIEVERY?

STOW IT! I'VE SAVED MY LIFE! BUT DO I HADTA PAY FER IT BY LISTENIN' TO A SERMON?

PERHAPS YOU'D RATHER LISTEN TO A JAIL SENTENCE BEING PRONOUNCED.

WHERE YA TAKIN' ME?

HEY, WOT IS THIS? AN ELEVATOR?

I'M RETURNING THIS CAR TO ITS RIGHTFUL OWNER. THEN I'LL ATTEND TO YOU.

**DOTTIE**

IT'S GOOD TO GET MY WORK FINISHED SO EARLY—AND GET HOME BEFORE DARK!

MM—DOTTIE'S HAVING A CARD PARTY. I'LL JUST SNEAK IN THE BACK WAY AND TAKE A NAP IN THE DEN!

TWO CLUBS—THREE SPADES—

I PASS—NO TRUMP!

I'M GLAD I CAUGHT YOU. WAGGON—NOW YOU CAN FIX THE SANDWICHES!

**GAS ALLEY**

MR. ENRAY, I AM WALKER OF WALLET & BOBBLE. "WE TACKLE ANYTHING"—EVEN THE FIRST NATIONAL.

I KNOW YOUR LITTLE COMPANY AND YOUR SLOGAN, MR. WALLET. WHAT'S ON YOUR MIND?

WE ARE GROWING STEADILY AND HAVE INCREASED OUR BUSINESS 500 PERCENT IN THE LAST YEAR. WE NOW WANT TO EXPAND.

WE HAVE AN OPTION TO BUY THE BUILDING WE ARE IN. WE WANT TO TAKE THAT UP AND BUILD A SHOP FOR AUTOMOBILE REPAIR. IT WILL TAKE \$7000.

TRAVELING FAST, AREN'T YOU? THAT'S A LOT OF MONEY FOR A NEW CONCERN. I'D LIKE TO SEE A STATEMENT.

I HAVE IT RIGHT HERE, MR. ENRAY. BUT I CAN TELL YOU, THERE IS A LOT MORE TO OUR BUSINESS THAN SHOWS IN BLACK AND WHITE.

**ARCHIE**

NO, ARCHIE! YOU CAN'T JOIN THE ARMY!

NOT FOR ME! I DIDN'T MEAN IT! I ONLY IGNORED YOU BECAUSE YOU IGNORE ME. DON'T GO!

BETTY!

BETTY! FOR PETE'S SAKE! GO ON, JUGHEAD! ONLY LOUDER!

OKAY, TRY IT AGAIN, ONLY LOUDER!

THERE ARE SEATS IN THE BALCONY WITHOUT WAITING!

**FRECKLES**

WELL, SO LONG, DROOPY—BEFORE I GO, HOW ABOUT A HEART-TO-HEART TALK?

YOU'VE BEEN REPLACED BY THIS CAR ONLY BECAUSE YOU REFUSED TO GO OPERATE!

SO IN THE FUTURE, I HOPE YOU'LL—

WHAM!

IN A WAY, I'M KINDA GLAD HE HAD THE LAST WORD!

**RIP KIRBY**

SO YOU AND MADEIRA ARE CLOSE FRIENDS, MORAY?

CHUMMIER THAN TOES IN A TIGHT SHOE, GAYLORDS! SAY! GET A LOAD O' THAT REDHEAD!

WOMEN! NOTHING BUT TROUBLE!

THAT KINDA TROUBLE I CAN USE! SHE'D BETTER BE CAREFUL OR THEM EYELASHES OF HER'S'LL SWEEP THE PICTURES OFF THE WALLS!

HMPH! THEY'RE AS PHONEY AS A CHORUS GIRL'S SMILE!

YEAH? I'LL BETCHA THEY AIN'T!

YOU'LL BET? HOW MUCH? AFTER MY OWN HEART, I GOTTA HUNDRED CLAIMS THAT SAYS HER EYELASHES AIN'T FAKE!

**AROUND HOME**

I'LL USE SOME OF MOM'S POWDER, AND WASH WHEN I COME HOME AT NOON!

DID YOU WASH YOUR NECK AND BEHIND YOUR EARS?

WHAT DO YOU THINK?

I DIDN'T HEAR THE WATER RUNNING!

I SUPPOSE I SHOULD CARRY A TRUNKFUL OF SOUND EFFECTS!

**STEVE CANYON**

IT'S BREAK... I HOPE YOU DID BETTER FOR STEVE'S CAUSE THAN MY GOLF-BALL ARTIST!

I'M RHYTHM WITH THE WORD, MEN! WE TOOK AERIAL PHOTOGRAPHS OF THE AREA WHICH INCLUDES THE PLUM-CHICKEN PLANTATIONS.

THREE'S A BACK BENDER ON COFFEE'S PLATE, THAT'S REACHED BY NO ROAD! OUR PICTURES SHOWED A SHALLOW DRAKE, BOAT WITH PLUMAS NAME ON IT—LOADING STUFF FROM THE LAKE. THERE IS NO SUCH DOCK ON THE BANK OF THE TIBETIAN.

NO STEVE BEEN RELEASED FROM THE HOSPITAL?

NO NOISE, YET READER'S IS OVER THERE NOW.

NO BLOOD WAS MADE OF THE ALCOHOLIC CONTENT OF SERGE CANYON'S STOMACH! HE WAS TREATED FOR A HEADWOUND ONLY—WHAT'S THAT?

AND HIM! IT'S SERGE PLUMAS ORDER THAT HE REMAIN SEPARATELY AS!

**ORPHAN ANNIE**

MIGHT AS WELL SHUT UP MY MIND TO IT—IT'LL JUST HAVE TO STOP DRAWING FOR FIVE WEEKS OR SO—TILL MY HAND IS O. K. AGAIN, HARRY.

BUT WHAT ABOUT YOUR COMIC STRIP?

WELL, "LITTLE WIDGET" WILL JUST BE OUT OF THE DRESSER FOR A WHILE—NO ONE ELSE CAN DRAW IT—WE CAN LOSE A FEW THOUSAND—

ON THE SYNDICATE WILL GET SOME OTHER ARTIST TO CARRY ON—THEY WON'T LOSE A DIME—IN FACT, THEY'LL WIN—

THEY GOT IT? MY STRIP?

YEAH—IN OTHER TBC, YOU HAVEN'T HEARD HARRY COFFERTY'S THEY'RE ALL FROM THE SAME LITTLE WIDGET BELONGS TO THAT SYNDICATE, LOOK, STOCK AND BARREL—

**NANCY**

**ALLEY OOP**

WELL, NAPOLEON'S GRAND BALL WAS QUITE AN AFFAIR! YOU SEEM TO HAVE HAD YOURSELF A LARGE EVENING!

YEH! GEE, JOSEPHINE'S SURE A SWELL DOLL!

OH, YEH! WITH HER YOU'RE HERE TO-DAY, GONE TOMORROW!

NOT WITH ME IT AIN'T! I'LL BE THERE TOMORROW TOO!

EH? SHADES OF AMERI! WHAT GOES? YOU DIDN'T FALL FOR HER?

HECK, NO! SHE HAD ME TRANSFERRED TO A NEW POST!

I'M NOW IN COMMAND OF HER PERSONAL BODYGUARD!

**SMITTY**

YOU GHOST! HE POISON YOU! DISAPPEAR, GHOST!!

WHAT'S UP BOSS?

SAMMY, THIS IS A RIOT!! LITTLE MOOSE THINKS I'M A GHOST!

HE THINKS I'M DEAD SO WELL LET HIM THINK SO—WHAT A JOKE WE'LL HAVE ON HIM!

YOU MAKE BELIEVE YOU CAUST SEE ME, ENDS IF I'M STANDING NEXT TO YOU!

THAT'S RIGHT! I NEVER SAW A GHOST!!

**OUR BOARDING HOUSE** by Gene Ahern

PARDON ME, GENTS, BUT A FELLER, GETS CONSUMED LONESOME ON THESE HERE TRAINS!—I'M A HOS RANCHER FROM DUBUQUE, IOWA—ALWAYS HANKERED TO LOIN SOME CARD GAMES—WOULD YOUSSE BOIDS MIND TEACHIN' ME?

WHY, AH, CERTAINLY!—EGAD! A HAND OF STUD, PERHAPS, FOR A SMALL STAKE?

NOT TODAY, FARM BOY! THE HAY-RACK CHATTER DON'T BLEND WITH YOUR BROOKLYN ACCENT—BY THE WAY, WHAT STATE IS BOARDING YOUR PAL, OLD SANTA FE FREDDY, THESE DAYS?

**OUT OUR WAY** by J. R. Williams

EMMA, BRING OUT THE SAW—I'M TIRED OF FLOWING WITH A GATE! WHEN IT SAGS, PA JUST PUTS MORE WEIGHT ON THIS JOHN L. SULLIVAN EXERCISER!

**SIDE GLANCES** by Galbraith

"That fellow I went out with last night was terribly thoughtful. He rang up to see if I got home all right!"

"You were telling everybody at the party last night how easy housework is—now how about trying some of it?"

## Japanese Want U.S. Protection

TOYKO, March 20 (AP)—If the United States is going to insure world peace, Americans must remain indefinitely in Japan after the Japanese peace treaty is signed, Premier Shigeru Yoshida said today. In an interview with the Associated Press, the premier voiced strong approval of Gen. MacArthur's recent proposal for treaty negotiations and end of the occupation but made it plain he preferred American protection to that of the United Nations upon signing the peace.

## But Law Usually Winks

# Sweepstake Winners Are Taking Big Risk

OTTAWA, March 20, (CP)—Canadian holders of winning tickets on the Irish Sweepstakes probably won't let it worry them much, but according to federal law, they could be forced to forfeit their winnings to any person who wants to take legal action against them.

MOREOVER, if you bought even a losing ticket on the sweeps which will be drawn March 28, you're liable to a \$20 fine.

In actual practice, you are not likely to face any such gloomy prospect. Justice department officials interviewed here could recall no specific case in Canada in which winners had been confiscated or fines imposed, though they admitted there "may have been some."

Moreover, there's an added consolation to prospective winners that, unlike United States citizens, Canadians are not taxed on their winnings.

ACTUAL ADMINISTRATION of that part of the Criminal Code which deals with lotteries is left to the attorney-general of the vari-

ous provinces who could, if they so wished, conduct an all-out drive against lotteries of any kind.

In that case, any person would be liable to two years imprisonment and a \$2,000 fine who printed, distributed or sold lottery tickets, who conducted or managed a lottery or disposed of goods "by game or mode of chance."

## Monty's Political Speech Rapped

LONDON, March 20 (Reuters)—Field Marshal Viscount Montgomery, chief of the Imperial general staff, was criticized in the Commons yesterday for a political speech he made last week-end in which he said his plan for victory over Britain's economic crisis was dominant leadership, teamwork, full working days, no restrictions on production and proper working pride.

AFTER VISCOUNT Hinchings-brooke, Conservative, had said it was constitutionally improper for the chief of the Imperial general staff to make a speech with political implications, Prime Minister Attlee commented:

"I entirely agree. It is entirely undesirable that anyone holding such a position should make a political speech. I have spoken to him and pointed out the danger of making speeches which might be misinterpreted by persons who want to make mischief. I am referring, of course, to some organs of the press."

ATTLEE SAID Lord Montgomery was invited by his hosts at a dinner of the London Association of engineers to say some words on leadership and had explained that he had no intention of making a political speech.

## Gives Lectures On Use of Materials

Instructing personnel of private contractors in approved methods of applying company products in the building trade, lectures were given Monday in the Macdonald hotel by Gordon Longman, Toronto, contacts service representative for the Flintco Company of Canada, manufacturers of asphalt flooring and building materials.

Mr. Longman is here in company with Frank Dempsey of Calgary, sales engineer for western Canada. Both are guests at the Macdonald. They will leave Wednesday for Lethbridge on similar lecture visits to cities ending their itinerary at Fort William.

## League Returns Slate of Officers

Annual meeting of the Edmonton chapter of the Credit Union League of Alberta, held in the Legislative Buildings, voted return of its present officers by acclamation for the ensuing year.

The four officers returned are R. H. Huggett, league director; James Robertson, president; Miss Louise H. O'Neill, vice-president, and Mrs. Naida Myres, secretary.

There were 23 members representing 15 credit unions of the league. Reports of officers were heard and there was discussion on preparations for the annual convention of the Credit Union League to be held April 11-12 in the Palliser hotel at Calgary.

## Says Late Hours Slow Up Youth

LONDON, Ont., March 20, (CP)—Berating the younger generation for its keeping of late hours, Ontario health minister Russell T. Kelley last night accused youth of slowing down Canada's export drive for the world markets. He was addressing the family service bureau here. "Canada is essentially an exporting nation and cannot exist without export trade," he said. "Productivity is the life-blood of our nation. Young men and young women cannot continue to stay out until the early hours of morning, and go to work the same morning and do their best."

## Indict Couple On Slave Charge

LOS ANGELES, March 20, (AP)—Alfred Wesley Ingalls, retired Boston lawyer, and his wife, Elizabeth, were indicted yesterday by a federal grand jury on slavery charges, involving their Negro maid for 30 years, Dora Jones.

THIS IS SIRI, the tall gal from Stockholm, Sweden, who invaded New York City night life and made a hit. Vital statistics: Height, six-foot three-inches, the rest in proportion.

## Select Ex-Fliers For RAF Service

Former RCAF aircrew members are being interviewed this week at North West Air Command, with a view to enlisting in the Royal Air Force for service abroad, it was announced Wednesday. A board which began sittings Tuesday will remain in Edmonton until Friday.

OVER 2,000 MEN across Canada have applied to join the RAF, and 700 are being interviewed. Similar boards are sitting at Winnipeg, Vancouver and Toronto.

When selected, the candidates will await final approval from the Air Ministry, London. The plan of re-enlisting for service was announced last October when the RAF stated it would enlist former aircrew personnel from the dominions.

Both non-commissioned ranks and officers will be selected. When the period of service is over they will be entitled to enlist in either RCAF or RAF reserve forces.

In Edmonton the board is comprised of chairman, Group Capt. A. M. A. Day, DSO, OBE, FR. Lts. H. Bryant and H. S. Lissom DFC, of NWAC; and medical officers Wing Cmdr. S. R. C. Nelson, and Flying Officers D. F. V. Brunson, M. A. Harman and J. R. Groves.

## To Hold Inquest In Traffic Death

An inquest into the death of 72-year-old H. B. Sinclair, Kingsway Trailer camp, killed Tuesday night by a truck, is to be held sometime next week, according to an announcement Thursday by Detective William McDonald. Police said driver of the truck was Cpl. James A. McIntyre, RCAF police. The accident occurred on 111 avenue between 104 and 105 streets. Official identification of the body was made Thursday.

## Insurance Fraud Brings Jail Term

Practically every Wednesday for the past few weeks some person has been given a prison term in Edmonton for making false statements to unemployment insurance officers.

THE LATEST one is Andrew Nimchuk, Edmonton, who appeared before Magistrate A. I. Miller, K.C. in city court Wednesday afternoon and received sentence of 30 days imprisonment at Fort Saskatchewan jail.

On three occasions the accused is reported to have declared himself unemployed and drew insurance for those periods when actually, investigations revealed, he was working.

The accused told officials at the unemployment insurance office that he drew the money because he needed it badly. He also claimed that he met a man on the street who suggested that he draw the insurance.

## Some School Bus!

JACKSON, Mich., March 20, (AP)—State police have decided the Leslie high school bus is unfit for service. They found the vehicle has poor tires, defective brakes, a loose left front wheel, loose steering mechanism, no emergency brake, a cracked windshield, no muffler, no tail pipe, no horn and no first aid kit.

## Don't Suffer from CHRONIC BRONCHITIS

"Five years ago, I began to suffer from a very irritating bronchial cough," writes Mrs. W. Lavigne, 25 John St., Box 167, Maple P.D. "I tried all kinds of treatments but without success. Fortunately, I decided to try KAZ-MAH, and believe me I was surprised. Instead of coughing and wheezing all night, I now sleep without coughing and am able to look after my house."

Don't suffer needlessly from dry, hacking or phlegmy bronchial coughs. Quick, safe relief can be yours. Start taking Temple's KAZ-MAH today. 50c. \$1 at drug stores everywhere. R-45

## Stomach Disorders May Cause Bad Headaches

Often a headache is caused by an ailment of some other part of the body far removed from the pain. It may be an upset stomach or some intestinal disorder.

If you are troubled by such headaches why not try Burdock Blood Bitters? For Burdock Blood Bitters is a favourite remedy for minor intestinal disorders. It helps to regulate the digestive organs, tone up the liver and aid the natural action of the bowels. As a result, there may be an improvement in the general health.

For the past 60 years Burdock Blood Bitters has helped thousands of Canadians. It should do the same for you. Burdock Blood Bitters is sold at all drug counters.
